Monica -

We acquired our water rights along with our land. As your brochure points out - we own them as much as the land.

They have been in continuous use since 1937.

Our property's ground & surface water contributes at least as much to the Anderson/Correll ditch, as the river water we divert through our pasture before it goes on to the reservoir.

Our pasture is part of our livelihood - it requires water all year like most upper country pastures.

It's ours, we own it, & you may NOT have it.
