1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

2. Describe the changes you wish to make in the proposed recommendation:

Beneficial use

3. Give a brief explanation as to why you disagree with these portions:

City had a filtration plant as shown on 1937 map attached. Plans for plant constructed in 1979 shows intake line from Weiser River.

☐ I AGREE with this proposed recommendation: no changes need to be made.

Re: Weiser River water right

To Maria Minicucci,

I went to work for the City of Weiser water department in June of 1962. At that time we would use water from the Weiser River intake structure depending on water quality at the time. I can not verify use prior to this date. We used Weiser River water to supply the towns needs up until my retirement in 1987. I thought the City already had a water right for the Weiser River, but the boys tell me they are unable to locate. If you need more information let me know.

RE: Snake River Basin Adjudication (SRBA) Claim for Municipal use
from the Weiser River

Dear Mr. Marvin:

As per our telephone conversation today, I am sending to you a partially completed SRBA claim form as described above. This claim will replace the City's recently filed application for permit. Please review this form carefully, initial any changes, add the appropriate notarized signature, and return the form to this office with the appropriate fee.

As we discussed, Mr. Robbins' statement verifies use of the municipal water right from the Weiser river in 1962. The City can file a "grandfather" beneficial use claim in the SRBA on this right. The SRBA claim will protect the priority date of the right and will not be subject to any mitigation requirements. The application for permit has a 1998 priority date and may be subject to mitigation.

The fee for the SRBA claim is \$550 - \$50 base fee plus \$100 per cfs. The \$180 fee submitted with the Application for Permit can be applied to the SRBA claim fee when you complete and return the enclosed Withdrawal form. This will leave a balance of \$370, payable to the Idaho Department of Water Resources.

IDWR will hold the application for permit for thirty (30) days. If no response to this letter is received by that time IDWR will move forward to process the application for permit.

Please do not hesitate to contact me if you have any questions or need additional information. If I am not available any of our technical staff will be able to assist you.

Sincerely,

Maria Minicucci
Sr. Water Agent
