Re: Original Notice of Claim to a Water Right No. 67-00725

Renumbered to Notice of Claim to a Water Right No. 67-14273

Dear Claimants:

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new water right number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office. Also enclosed is a copy of the original claim for your reference.

Also indicated with this ownership change was claim number 67-00726, in which your portion has been renumbered to 67-14275. Copies are enclosed for your records.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Denise Buffington".
