INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights, and, if a required claim for the water right has not been filed, to file the needed claim.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures, or if you have questions about completing this form, please contact your nearest IDWR office or call 1-800-451-4129.

If you need additional space to describe or explain any of the items on the form, please attach additional sheets to the form as you may require.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at Item 1. If you or the seller believe there are water rights for the property but the numbers are unknown, you may wish to call IDWR or come into an office of IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector "and", "or" or "and/or". If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign, however only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. If the property you have purchased is only a portion of the property owned by the former owner/seller, you may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

To: File 67-14387, 67-14389 & 67-14391
From: Denise Hatfield
Date: December 12, 2002
Subject: Ownership information

An address update was sent for signature to Margaret Strawn on November 26 2002. She signed and returned the letter, verifying her mailing address, however, she indicated on the letter that she had sold the property to George Carver. When that particular ownership change was processed on November 18 2002, it resulted in a split. Carver is the current owner on claim numbers 67-14388, 67-14390 & 67-14392. The splits are as follows:

67-225 split into 67-14387 (Strawn) & 67-14388 (Carver)

67-235 split into 67-14389 (Strawn) & 67-14390 (Carver)

67-4055 split into 67-14391 (Strawn) & 67-14392 (Carver)

Re: Original Notice of Claim to a Water Right No. 67-04055

Renumbered to Notice of Claim to a Water Right No. 67-14391

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your right. This claim represents the remaining portion of the claim filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Adjudication Section
Western Region Office

RE: Your letter of July 17 on change of Water Right Ownership No. 67-225, 67-235,
and 67-4005

4055

Dear People:

NOTICE OF CHANGE OF WATER RIGHT OWNERSHIP forms are returned herein with the additional information requested. They include a USDA Farm Service aerial photo and a County Assessors maps of the property highlighted in yellow, with the points of diversion clearly marked.

It is my understanding that the original acreage for water rights was for 44 acres, and in 1996 10 acres of that was sold to Kim Brawn and approximately 4 was sold to Lyne Nida. We have purchased the remaining 31 acres and have full title to it. It is my understanding that no application was made for transfer of any of the water rights to the other portions of the property and time would have expired to do so. I assume that the full water right would remain with our 31 acres.

Very truly yours,

George A Carver
