RE: Palouse River Basin Adjudication (PRBA) Claim 87-11184 & 87-12248

Dear Mr. Emerson,

Thanks for getting me the signed claim and map we had discussed so quickly. I am enclosing a receipt for the claim fees paid. I have also prepared preliminary recommendations for both the water rights listed above and have included copies of those for your review. If all looks ok, then you don't need to take any action at this time.

Next spring you will get another copy of the recommendations along with a "Notice of Error" form. This is intended to provide opportunity to let IDWR know if there is a problem with your recommendation. If you see something you aren't sure about, just call me and we will talk it through. No need to wait until spring.

After the "Notice of Error" period, we will send the recommendations to the court and the formal objection period will start. If no objections are filed, the court will move forward with decreeing your water rights.

Please don't hesitate to call me if you have any questions.

Respectfully,

Craig L. Saxton
