Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

A handwritten signature in black ink, appearing to read 'Allen Merritt'.

TO: A36-11483SUBJECT: Waste waterFROM: Allen MervittDATE: 3/16/92

This day Ted Dehl from NSCC called after my call to him last Friday. Ted had his people look over the ~~the~~ waste water that comes from the AFD into the lands served by the NSCC. Particularly the Lagoon & Gulfport property. He indicated that the water from the AFD goes under the LP lateral and is kept separate. He indicated the NSCC had no problem with them using this waste. The water goes under the lateral in sec 9 T13.
