If your answer is no, describe in remarks below the authority you have to claim this water right.

11. Other Water Rights Used:

12. Remarks:

Priority Date Explanation:

We know that the well was in place before the home, which was completed in 1897 (The house address is now 1211 Walenta Drive, Moscow, Idaho. In 1950, it was included in the University Heights Addition Block 2 Lot 1).

We have a picture showing the well pump on the porch of the original house before any outbuildings were built on the property. The plantings around the house appear to be in the full green of summer suggesting that the home was complete mid-year.

Outbuildings were built on the property between 1897 and 1906. We have a picture showing the property with outbuildings and the Original University of Idaho administration building in the background. That building burned to the ground in 1906 and was not replaced.
