Good morning,

Classic postal service, maybe the crew in Eugene was bored so Boise wanted to give them something to work on. There is no pressing deadline for the amended claim, so don't worry about sending another. I usually put a deadline on the letters I send out to ensure that I at least get some sort of response or communication from the claimant. Because we've been in frequent contact and I know what's happening, I will set a reminder in a week or two if I haven't received it by then. When I do receive it, I will also send you an email letting you know.

I appreciate you keeping me in the loop on things! If anything changes or you have any questions, feel free to contact me.

Happy Holidays,

Christopher Holmes

Hi Christopher,

For your Holiday entertainment, here is the shipping history on the amended water right application. It appears that the postal service found it necessary to send it to Eugene Oregon on the way to Moscow from Boise. I'm not certain what route is planned from there or when it will arrive. If there is a deadline, I'd be happy to send it by normal mail, rather than expediting it with priority mail to meet the deadline.

Hi Christopher,

Just checking to see if you received our amended water right application by US mail yesterday, for 1211 Walenta, Moscow.

Thank you for all your help to make sure that it was completed correctly.

Best regards,

Mike
