Dear Mr. Johnson:

This office has received your check for \$1,021.00 to pay for the Snake River Basin Adjudication claim fees for Minidoka County, and for four new Applications for Permits for diversion of water within Minidoka County. However, all of the documents submitted except for the Application for Permit for you property number 503-8626, Rupert Wards 1 and 7, were photocopies of the original documents. The Department of Water Resources cannot process the photocopies of these documents. Please submit the original claim forms, and the three new applications as soon as possible so these forms can be processed.

If you have any questions, please contact this office.

Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.

RE: Evidence of Priority - Snake River Basin Adjudication
Claim #A36-04209, A36-04210, A36-11255, & A36-11256

Dear Claimant(s):

Our records indicate that your claim(s) listed above, is based upon either a "Statutory Claim" or "Beneficial Use" of the water. For water rights of this type, the claimed "Priority Date" must be substantiated with supporting evidence. We previously requested this supporting evidence be submitted by November 1, 1990, and to date we have not received the requested documentation.

Before the Department can make a recommendation to the Court to decree the claim(s), some evidence of the priority date must be submitted. Again we are enclosing a brochure outlining the types of evidence you may submit, and a printout of your claim(s) for reference. We request that you submit your evidence of priority as soon as possible. If we do not receive the requested documentation, your claim(s) will be recommended for disallowal due to lack of evidence supporting any priority date.

Please submit the required evidence supporting the priority date(s) by April 23, 1991. Please reference the claim number on your correspondence. If you have questions or need other assistance please contact this office.

Sincerely,

for Anna Baumhoff

RE: Field Examination of a Water Right Claimed in the Snake
River Basin Adjudication (SRBA) - #A36-04209
504-2178

Dear Claimant:

Our field staff plans to conduct water right field examinations in your area during April and May this year. These field examinations are necessary to verify your water use. The identification number of your water right claim which must be examined is shown above. If more than one of your water right claims is to be field examined, the additional claim identification numbers are listed below.

We will attempt to contact you by telephone to schedule a time to field examine your water right claim(s). At the time of the examination, we would appreciate the assistance of you or someone who is familiar with your water system.

If you have any questions regarding the field examination, please telephone me at our Boise office. You can reach me at 1-800-451-4129 or 327-7934.

Dear Mr. Merritt:

Recently we received notice that we needed to supply some documentation of evidence supporting a priority date for water rights A36-04209, A36-04210, A36-11255 and A36-11256. This takes a little time to gather supporting data.

Enclosed please find two affidavits and a copy of a certificate from the State of Idaho for A36-04209 which is for the Emerson 1,2 Wards property #504-2178.

This should be sufficient but if it is not please let us know. The others will follow as soon as the information becomes available.

Could not remove cap on well to get access for measurement. Sprinklers design defies efforts at pitot tube pressure reading and using hose, bucket, and stopwatch to determine gallons per minute. Unsure how to get accurate reading.

.03 cfs easily obtainable unless

$$\frac{300 \text{ people} \times 5 \text{ gal}}{2 \text{ hrs} \times 60 \text{ min/hr} \times 450 \text{ gpm/cfs}} = 0.027 \approx .03 \text{ cfs}$$

THEORETICAL PUMP EFFICIENCY CALCULATIONS

FILE: A36-04209

DATE: 29-OCT-91

COMPLETE BY: LDS CHURCH -- EMERSON WARDS 1 AND 2

HORSEPOWER = 5

PUMP EFFICIENCY = 40%

DYNAMIC LIFT = 250 FEET

SYSTEM PRESSURE = 60 PSI

QUANTITY = 0.05 CFS

Up to .03 cfs is allowable for small areages.

(See Water Allocations memo #17.) As demonstrated by the calculation on this page, even if the variables are taken to extremes, the system would still be able to produce .03 cfs for one are.

The dynamic lift is probably closer to 60 ft. to 80 ft., pump efficiency is probably higher, and system pressure is probably lower. System should produce at least .06 cfs.
