5. That said waters of Hazzard Creek were until about June 28, 1939, diverted at a point where said Hazzard Creek crosses the east line of the Southeast Quarter of the Southwest Quarter (SE $\frac{1}{4}$ SW $\frac{1}{4}$) of Section 28, Township 14 North, of Range 3 East, Boise Meridian, and said waters were, until about said date, conducted through a canal or ditch to and used upon the lands of Sollie Callender and his predecessors in interest, described in paragraph 3 hereof, as per "Map B" hereto attached and made a part of this application.

6. That affiants and applicants desire to abandon the use of the said waters of Hazzard Creek, upon the said lands of Sollie Callender, as described in paragraph 3 hereof, and to convey and

That this application is made for the purpose of effectually carrying out such exchange of waters in accordance with the said agreement set forth in paragraph 4 hereof. That said transfer has enabled and will continue to enable said Henry Cross to beneficially use such waters and to divert and beneficially use the same by means of gravity flow upon his lands as described in paragraph 3 hereof.

7. That said applicants have diverted and conveyed and intend to continue to divert and convey said waters of Hazzard Creek to the lands of Henry Cross, as above referred to, in the following manner:

The new point of diversion for said waters of Hazzard Creek will be at a point where Hazzard Creek crosses the west line of the

Southeast Quarter of the Southwest Quarter (SE $\frac{1}{4}$ SW $\frac{1}{4}$) of Section 28, Township 14 North of Range 3 East, Boise Meridian, and from which point, ever since about June 28, 1939, said Henry Cross has been and now is diverting all of the Village of Cascade's right, title and interest in and to the waters of Hazzard Creek; that said waters are diverted by means of a rock diversion works and thence conducted through a ditch to the lands of said Henry Cross, all as more fully appears on the "Map B" hereto attached and made a part of this application; and that no one will be injured by such changes and transfer in the point of diversion and places of use as set forth in this application.

8. That at the date of this application there is no duly appointed, qualified and acting watermaster of said water district No. 20 H, in Valley County, State of Idaho.

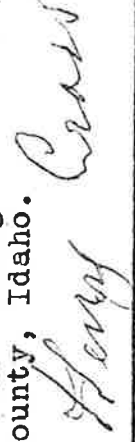

WHEREFORE, AFFIANTS AND APPLICANTS PRAY That the Reclamation Engineer of the State of Idaho issue to applicants the proper certificate authorizing such change and transfer in the points of diversion and place of use of all of the right, title and interest of the Village of Cascade, in and to the waters of Hazzard Creek flowing from West Mountain, in Valley County, Idaho, and more particularly referred to in paragraph 3 hereof, as in the statutes of the State of Idaho in such cases made and provided.

WITHDRAWAL OF OBJECTION
OF THE CITY OF CASCADE,

On March 2, 1979, the director of the Idaho Department of Water Resources filed with this court a Proposed Finding of Water Rights for the Payette River drainage. Included among the proposed water rights were four water rights for the city of Cascade, state of Idaho. Those four water rights, listed briefly below, are fully set forth in Appendix A to this motion:

1. 65-3138 - 2.34 cfs, dating from June 1, 1899 for
(Campbell Creek) municipal use
2. 65-10354 - 2.34 cfs, dating from July 16, 1888 for
(Hazard Creek) municipal use
3. 65-10353 - 60 afa dating from March 1, 1919 for
(Skein Creek) municipal use from storage
4. 65-10353 - 60 afa dating from March 1, 1919 for
(Skein Lake) municipal use from storage

The city of Cascade had actually filed five claims in the Payette Adjudication. Those five claims are listed briefly below for comparison with what was recommended to the court after the Idaho Department of Water Resources investigated the five claims.

(Campbell Creek) municipal use.

2. ^{no claim} 65-3139 - 1.2 cfs dating from June 1, 1899 for
