

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO,
IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE SNAKE RIVER BASIN WATER SYSTEM.

CIVIL CASE NUMBER: 39576

Ident. Number: A36-04271
Date Received: 3/15/1990
Receipt No: S011549
Received By: tw

NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW

1. Name: JEROME COUNTRY CLUB
Address: P.O. BOX 136
JEROME, ID

83338-0000

2. Date of Priority: APR 15, 1935

3. Source: WASTE WATER Trib. to: SNAKE RIVER

4. Point of Diversion:

Township	Range	Section	1/4 of	1/4 of	1/4	Lot	County
09S	17E	19	NE		NW		JEROME

5. Description of diverting works:
CHECK DAM, PUMP, SPRINKLERS

6. Water is used for the following purposes:

Purpose	From	To	C.F.S	(or)	A.F.A.
IRRIGATION	04/15	10/10	2.670		

7. Total Quantity Appropriated is:
2.670 C.F.S. (and/or) A.F.A.

8. Total consumptive use is 201.0 Acre Feet Per Annum.

9. Non-irrigation uses:

10. Place of Use:

Township	Range	Section	1/4 of	1/4	Lot	Use	Acres
09S	17E	19	NW	NE		IRR	28.0
			NE	NW		IRR	30.0
			NW	NW	1	IRR	9.0

Section Acres 67.0

rate or diversion is needed because irrigation can occur only when the golf course not crowded with players. The soil is shallow and sandy with many blowouts, so it takes a lot of water to keep the grass in good condition.

Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.

State of Idaho)
County of Twin Falls) ss.

Be it known that the undersigned, being duly sworn, deposes and says that he, she, they subscribed the foregoing claim to a water right, together with all attached information, and that the matters and facts therein are true to the best of the affiant's knowledge.

Sworn to before me this 8th day of February

Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.
Water Rights Supervisor

RE: Evidence of Priority - Snake River Basin Adjudication
Claim #A36-04271

Dear Claimant(s):

Our records indicate that your claim(s) listed above, is based upon either a "Statutory Claim" or "Beneficial Use" of the water. For water rights of this type, the claimed "Priority Date" must be substantiated with supporting evidence. We previously requested this supporting evidence be submitted by November 1, 1990, and to date we have not received the requested documentation.

Before the Department can make a recommendation to the Court to decree the claim(s), some evidence of the priority date must be submitted. Again we are enclosing a brochure outlining the types of evidence you may submit, and a printout of your claim(s) for reference. We request that you submit your evidence of priority as soon as possible. **If we do not receive the requested documentation, your claim(s) will be recommended for disallowal due to lack of evidence supporting any priority date.**

Please submit the required evidence supporting the priority date(s) by April 23, 1991. Please reference the claim number on your correspondence. If you have questions or need other assistance please contact this office.

Sincerely,

Anna Baumhoff

Board of Directors
Jerome Country Club
P.O. Box 136
Jerome, Idaho 83338

The attached history of the early years of the Jerome Country Club may be helpful to you in establishing some dates and events as well as people who were involved in the early 1920's getting a country club established at its present site.

This history was furnished with the help of Dr. R.C. Matson and Murray O'Rourke. Rook was involved in the first year, 1922, when the non-profit corporation was established. This was the year that irrigation by flooding was first used water shares going with the land and waste water from upstream users. This may be important to you to pin point our claim to this waste water right.

Frank A. Titus

The attached history of the Jerome Country Club was told to me by the actual members involved and I believe it to be true and correct.

STEPHEN S. FELDTMAN
PRESIDENT JEROME COUNTRY CLUB

HISTORY

In 1922, ten progressive business men formed a non-profit organization called the Jerome Country Club. A 100 acre tract along the north rim of the Snake River Canyon was purchased for development of a 9 hole golf course. Mr. Lucian Burdick, a surveyor for the North Side Canal Company, routed the course. Dr. Zeller, the town physician, was elected official director in soliciting memberships.

The original dues and assessments were \$25.00 per year with the restriction that no one under high school age was allowed to play. Work parties were organized. Saturday, Sunday and any free evenings were spent clearing land, rocks and debris from fairways. Four horse teams and fresnos were used to build tee-boxes and to construct greens and bunkers.

The fairways were flood irrigated and grazed off with sheep. The "greens" were sand and had to be leveled off with a sled before putting. A small tent with a large canopy on #3 tee served as a club house. The Jerome Country Club continued to serve its members until the depression and the war years, at which time it was closed.

In 1945, the Club re-organized. Ten members pledged \$1,000.00 each and mortgaged the property for needed improvements. Other members signed \$250.00 personal notes. The first order of business was to build a sloping green on #5. Several gas motors and pumps were purchased and hauled from green to green to flood irrigate the grass.

MICROFILMED
FEB 02 1993

A barrack from the Hunt Relocation Center near Eden, a Japanese Detention Center, was purchased and moved onto the property in 1946. It was remodeled and served as both a club house and living quarters for the first greenskeeper. The first legitimate construction contract was let to John Halverson Construction Company to enlarge and improve holes #2, 3, 4, 7 and 8 at the cost of \$200.00 per hole.

From 1946 to 1949, when gambling in the state of Idaho was legal, slot machines and tables were allowed in the club house. The annual affair was "Casino Night", and was common to clear \$3,500.00 to use for operating expenses.

In 1956, the sprinkling system was improved to hand line sets, and schoolboys were hired to help with the irrigation. The first cart made its appearance in this year, co-owned by Marvin Harp and Murray O'Rourke, the fore-runner of the 128 carts presently on the course.

An additional 100 acres were purchased from the Bureau of Land Management in 1960 to insure the privacy and future possible development of the Club.

The Jerome Country Club is now the owner of 213.46 acres of land located 6 miles south of Jerome, or 6 miles north of Twin Falls. The Club house, cart storage buildings, maintenance buildings and course occupies approximately 55 acres of real estate.

The total current indebtedness against the property is \$45,000.00 due the Bank of Idaho for money advanced to them in 1977 for Club house improvements and expansion, and a small balance remaining from 19__ when a quick coupling irrigation system was installed.

rate of diversion is needed because irrigation can occur only when the golf course not crowded with players. The soil is shallow and sandy with many blowouts, so it takes a lot of water to keep the grass in good condition.

Scale 7 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40 acre subdivisions, section, township and range of the public land survey system.

DIRECTIONS TO PROPERTY / REMARKS:

5-17-91 SEC: UPDATE OF REVIEW

During the preparation for creation of R-Records of rights A36-02583 + A36-04271 the following information was revealed. Both rights are from the same source with the same P.O. Both rights are for the same place of use and overlap on the same acres. Since the initial review, information was submitted which confirmed the validity of the Statutory Claim to an acceptable degree. Based on this data the water right for this place of use will be completely supplied by the claim A36-04271. The License A36-02583 would therefore be a duplication of that water right and should be recommended as 36-04271. The Claim 36-4271 was filed after the License 36-2583. Since the Exam was performed on the same place of use and same acres-the claim is limited to the Licensed acreage. SEC
