RE: Two wells used

DATE 9-17-91

NAME OF PARTY

WARREN LAWTON

He explained the 15 HP, small pump & well is just used on the west side on the small pastures.

The bigger well & pump is used on the pivot area and south of Cedar Draw creek.

Operated as separate systems; not tied together.

RE: Snake River Basin Adjudication (SRBA)
Notice of Error - A36-07012, A36-02489

Dear Mr. Lawton:

We are in receipt of the Notices of Error on the above referenced claims. We are not making any changes to the recommendations at this time.

The proposed recommendation is based on irrigation season of use standards adopted by the director for the various regions throughout the state. These standards are based on the period of the year in which there is less than a 75% chance of a 24 degree F. frost.

In addition, since there are some years in which water can be beneficially used for irrigation outside the irrigation season, the proposed Director's Report includes a general provision which provides for irrigation outside the irrigation season under certain conditions. The conditions are that the water is beneficially used, as determined by the director; that all water rights with a period of use outside the irrigation season regardless of priority, are satisfied; and that the use does not conflict with the public interest as determined by the director. This proposed general provision will be included in the Director's Report.

Regarding the diversion volume recommended for A36-07012, the diversion volume is based on IDWR standards of 4 acre-foot per acre for irrigated land within the area where the place of use is located.

Regarding the diversion rate recommended for A36-02489 is based on 0.02 cfs (or 1 miner's inch) per acre of irrigated land. Our records show that there are 18 acres irrigated by the system described in your claim.

If you still disagree with IDWR's recommendations you will have an opportunity to file an objection to the Director's report

with the court. When the Director's Report is filed with the court, you will be mailed a notice that will contain more information about the objection process.
