Jeanie,
Warren Crane called me today about measurement stuff, and we talked about the recent split of several rights, including the one above, between he and his brother. I noticed that the total diversion rate for these dropped from 4.24 to 4.12 cfs. Why??

Thank you,
Scott K

Got your message and I confess, I don't remember off-hand, but I'm working on it. Think it had something to do with an error on the first report but I'll check and get back to you. More later...

It's just as I thought, there was an error in the Remark the first time. When you take the three combined rights before this recent split:

36-02365	1.0 cfs
36-02473B	.41 cfs
36-07011	2.72 cfs

[4.13 cfs total] but was mistakenly totaled to 4.24 cfs

I noticed this when I was trying to total the cfs for the new "Combined Remark" after the split. When it didn't match, I went back to see why. As far as it now totaling 4.12 cfs, I'm sure the small amount just got lost in the rounding process... Thanks for noticing this though, I probably should have made clearer notes when I originally did this, so I wouldn't have to go back and re-invent the wheel later! . Jeanie

Change of Address

Dear Mr. Crane:

'R' records modified 6-5-00, ps

I appreciate your calling yesterday to correct your address. As I explained, we do not change addresses without the water right holder's signature. As you can see from the enclosed copies, Roger Crane signed my letter and returned it. The Post Office delivered the mail that came in the envelope addressed to you and Roger Crane, and gave us your new address as they had it in their records. I then sent my letter to you and Roger and enclosed the returned mail. So, if the address above is correct, please sign below and return the letter to me immediately. With each change to a water right record, the SRBA Court requires that we do a Notice of Completed Administrative Proceeding, so you'll receive another one of those in the next few weeks.

Please call me again (1/800-451-4129) if I can assist you or answer any questions.

Sincerely,

Sally Sherman
