Remarks:

IDAHO DEPARTMENT OF WATER RESOURCES

Adjudication Recommendation Report 67-14504 V1

Comments:

1. csaxton 7/14/2006 Priority

Comment: Affidavit in file from individual that states he was told his family lived and farmed the property since 1869, but for first hand knowledge, 1911 was as far back as we could find.

2. csaxton 7/14/2006 Copied From Claim (1)

Comment: Affidavit by Wendell M. Williamson (applicant's father) states that his ancestors have lived in the area and irrigated this land as far back as 1869. He also states that water is vital to the use of this land. This land has had other owners over the history of development. Affidavit from Floyd Alderson states he personally remembers that in the mid 1920s Jim Wells piped the water to the fork of the road for irrigation along the way down. Affidavit from Elwood Adams states that his father Elvin was born in 1888 in what is now the Williamsons place and that when he was a kid (born in 1918) that an orchard near the house and garden were irrigated. Affidavit from Nola Howard Roe states that she was born in 1906 and that Elvin Adams owned the property that is now the Williamsons place. She recalls at age five (1911) that the farm had irrigation for the yard orchard land and home.

The 1969 field exam for 67-2373 appears to be for the development of a well (Lacey Well) that was installed near the springs (on land currently owned by Williamson) and for use on lands to the east of the Williamsons place. The field exam for 67-2373 does not, nor was it intended to, include the irrigated land now owned by Williamson.

To who It may concern:

In regard to water used on Wayne, and Anita Williamson Ranch located in ~~the~~ Thompson Springs Valley, in Washington County Idaho, and bordering the Washington County Road on the south and east in Township 12 R 4 N B M.

I have lived in this ~~area~~ area for sixty seven years and am a grandson of John Saling who came to this area in 1869 and lived and farmed for many years. Several of his decendents lived on the land that Wayne and Anita now live. I know of three homes on this land that had gardens, orchards, alfalfa and grain, livestock.

The water has always been a vital part of this land in irrigation, domestic, wildlife. I live near and have rented this land in the past.

W. M. Williamson 6/18/97

Phone 642-2556

Dear Wayne

I don't know why you
need this information but it
sounds like government to me.
The springs on the ranch
belong to the ranch - and then
was piped to the water tank &
the house, I do hope this will
help you

Nola Roe

WAYNE WILLIAMSON
1-268-549-3650
1691 Thompson SP.

Early morning

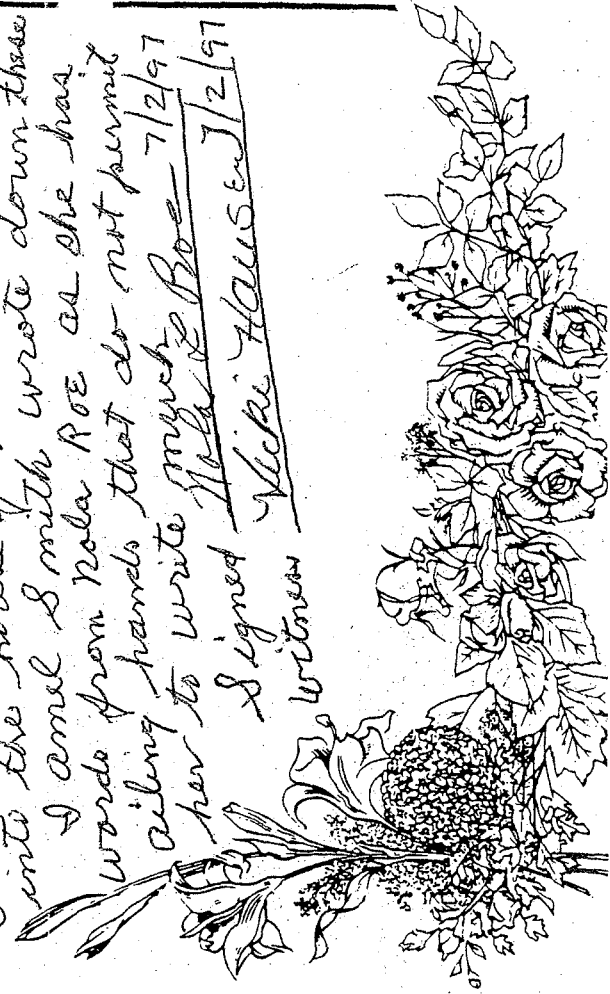

Amel Smith

I Nola Howard Roe, my earliest
recollection of water used from the
Springs that Wayne + Neta Williamson
now own at 1691 Thompson Springs
Valley was when I was just five
years old, I rode a horse to take
drinking water to a crew of men
that was putting up hay on this farm
that was putting up hay in 1906 September.

I was born in 1906 September the farm
E. Brown + Effie Adams owned the farm
at this time. Effie Adams was an
older sister of mine.
There was a very large water tank
that held water from the Springs
The over flow would run into a
ditch and used to irrigate yard.
orchard and land, water with piped
into the house for domestic water

I Amel Smith wrote down these
words from Nola Roe as she has
ailing hands that do not permit
her to write much. 7/2/97

Signed Nola Roe 7/2/97

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Please type or print clearly

1. Name of Claimant(s) Wayne and/or Anita Williamson Phone (208) 549-3650
Mailing Address 1691 Thousand Springs Rd, Weiser, ID Zip 83672
2. Date of Priority (Only one (1) per claim) 6/1/1869
3. Source of water supply (a) Springs
Which is tributary to (b) Thousand Springs Creek
4. a. Location of point of diversion is: Township 12N Range 4W Section 5, SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of SW $\frac{1}{4}$, Govt. Lot _____, B.M., County of WASHINGTON
Additional points of diversion if any: SWSESW sec 5, NENW sec 8, SENW sec 8, SWNE sec 8 T12N, R4W
b. If instream flow, beginning point of claimed instream flow is:
Township _____ Range _____ Section _____, _____ $\frac{1}{4}$ of _____ $\frac{1}{4}$ of _____ $\frac{1}{4}$, Govt. Lot _____ B.M., County of _____
5. Description of existing diversion works (Dams, Reservoirs, Ditches, Wells, Pumps, Pipelines, Headgates, Etc.), including the dates of any changes or enlargements in use, the dimensions of the diversion works as constructed and as enlarged and the depth of each well. Gravity pipe system from multiple springs collected via delivery pipe originating in SESESW Sec 5 area. Various dirt check structures divert water from stream channel into contour ditches to deliver the water by gravity.

6. Water is claimed for the following purposes:

(both dates are inclusive) (cfs) (acre feet)
For Irrigation purposes from 4/1 to 10/31 amount 0.39 cfs or _____
For _____ purposes from _____ to _____ amount _____ or _____
For _____ purposes from _____ to _____ amount _____ or _____
For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) 0.39 (cfs) and/or (b) _____ (acre feet)

8. Total consumptive use claimed is _____ acre feet per annum.

9. Non-irrigation uses; describe fully. (Domestic: Give number of households served; Stockwater: Type and number of livestock, Etc.) _____

10. Description of place of use:

a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.

b. If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RNG	SEC	NE ¼				NW ¼				SW ¼				SE ¼				Totals
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
			¼	¼	¼	¼	¼	¼	¼	¼	¼	¼	¼	¼	¼	¼	¼	¼	
12N	4W	8		2	7		10.5												19.5

Total number of acres irrigated 19.5

11. In which county (ies) are lands listed above as place of use located? WASHINGTON

12. Do you own the property listed above as place of use? Yes ☒ No ☐
If your answer is No, describe in Remarks below the authority you have to claim this water right.

13. Describe any other water rights used at the same place and for the same purposes as described above.

_____ or None (X)

14. Remarks: Affidavit by Wendell M. Williamson (applicant's father) states that his ancestors have lived in the area and irrigated this land as far back as 1869. He also states that water is vital to the use of this land. This land has had other owners over the history of development. Affidavit from Floyd Alderson states he personally remembers that in the mid-1920s Jim Wells piped the water to the fork of the road for irrigation along the way down. Affidavit from Elwood Adams states that his father Elvin was born in 1888 in what is now the Williamson's place and that when he was a kid (born in 1918) that an orchard near the house and a garden were irrigated. Affidavit from Nola Howard Roe states that she was born in 1906 and that Elvin Adams owned the property that is now the Williamson's place. She recalls at age five (1911) that the farm had irrigation for the yard, orchard, land, and home. The 1969 Field Exam for 67-2373 appears to be for the development of a well (Lacey Well) that was installed near the springs (on land currently owned by Williamson) and for use on lands to the east of the Williamson's place. The field exam for 67-2373 does not, nor was it intended to, include the irrigated land now owned by Williamson.

Area Map of Williamson Property
in sections 5 and 8 in T12N, R4W

6/18/97

To who It may concern.

In regard to water used on Wagon and Anita Williamson Ranch located in Thompson Springs Valley, in Washington County Idaho, and bordering the Washington County Road on the south and east in Township 12 R 4 N B M.

I have lived in this ~~area~~ area for sixty years and am a grandson of John Saling who came to this area in 1869 and lived and farmed for many years. Several of his descendents lived on the land that Wagon and Anita now live. I know of three homes on this land that had gardens, orchards, alfalfa and grain, livestock.

The water has always been a vital part of this land in irrigation, domestic, wildlife. I live near and have rented this land in the past.

W. M. Williamson 6/18/97
1860 Cemetery Road
Weir, Idaho 83672

To whom it may concern,
In regards to the water rights for the property in Thousand Springs Valley in Washington County that Wayne and Anita Williamson now own. In Township 12 N, R 4 W of the Boise Meridian, Washington County, Idaho:

Section 5: S $\frac{1}{2}$ SW $\frac{1}{4}$; Excepting therefrom that portion laying East of the County Road.

Section 8: NW $\frac{1}{4}$; Excepting therefrom that portion lying East of the County Road,

Also that part of the W $\frac{1}{2}$ NE $\frac{1}{4}$ of said Section lying West of the County Road.

In the mid 1920's I remember Jim Wells having a pipe in one of the many developed springs by the house for watering the livestock and a ditch that ran in front of the house and under the drive way. It went clear to the forks of the road. He irrigated hay and grain along the way down. Silas Hayes who lived at the South end of the Williamson property as described earlier. Silas was at the end of the ditch and used the run off to water his garden and grow tobacco.

At the Hayes property they had a well for the house and used the creek for the livestock.

By the early 1930's the Wells had put in an orchard and irrigated that.

Don Lund rented this property which now included the Hayes property for about 5 years in the mid 1940's. He used water for livestock and dry land farmed.

In the 1960's Howard Lacey had drilled a well and pumped it into the creek and watered both the upper and lower places. On the upper property which the Williamsons now own. Howard Lacey had potatoes in the late 70's and sprinkled them. He pumped water from the creek by the old Hayes house at the forks of the road. That took in both vains of the creek and the well by the Williamsons home.

Set a side took in all the irrigated ground in the 80's.

As far as I remember there has been no irrigation on the East side of the County Road bounding the Williamson property as described before.

I Anita Williamson wrote down these words for Floyd Alderson.

Floyd Alderson

7/14/97

On today Floyd Alderson signed this document before me, Glenn K. Borner

notary public
residing at Midvale,
Washington Co., Id
Commission expires 4/6/2002

June 20th

My name is Edwood Adams
My father ^{Edwood Adams} was born in
1888 on what is now the
Wayne Williamson place.

I was born in 1918 on
the same place.

We had a orchard south
of the house. My father
irrigated, and my mother
had a garden close to the
caw trough. As the spring
water was piped into it
and it ran all the time.
and the over flow ran to
the garden. we had gold
fish in the tank. They grew big
eating after the grain. The
father moved out of there in 1921.

The house had water piped in
from the spring. it ran all the
time in the sink. - over

Edwood Adams

Amel Smith

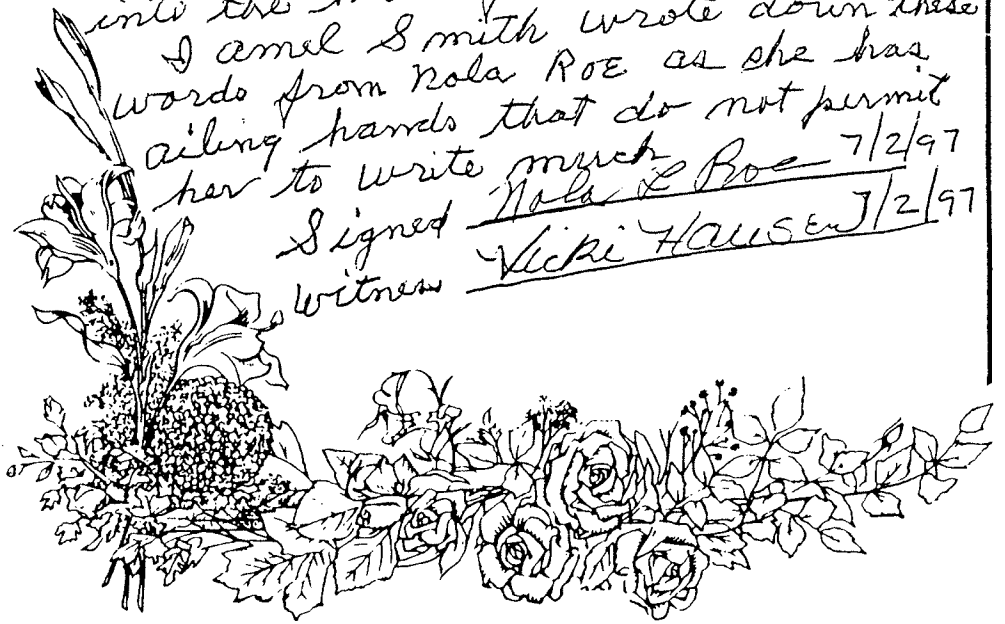

I Nola Howard Roe, my earliest recollection of water used from the Springs that Wayne + Neta Williamson now own at 1691 Thousand Springs Valley was when I was just five years old, I rode a horse to take drinking water to a crew of men that was putting up hay on this farm.

I was born in 1906 September. E. L. + Effie Adams owned the farm at this time. Effie Adams was an older sister of mine.

There was a very large water tank that held water from the Springs. The over flow would run into a ditch and used to irrigate yard, orchard and land. Water was piped into the house for domestic water.

I Amel Smith wrote down these words from Nola Roe as she has ailing hands that do not permit her to write much.

Signed Nola E. Roe 7/2/97
Witness Vicki Hausen 7/2/97

July 22, 1997

To Whom It May Concern:

The paper written by Anita Willbourn
for Floyd Alden is correct as far
as can be ascertained.

The water was used, as
stated, for potatoes plus several
years corn below the house,
cedar grass, alfalfa hay, garden.
Watermelons, cucumbers and etc.
Was pumped to the Lower
ranch for irrigation purposes
and stock water.
