1. Igraves 11/13/2006 Parcel No.

Comment: Irrigation is for Parcel No. RP14N02W075420.

2. Igraves 11/13/2006 P/U

Comment: The NWSW and SWSW are each 39.3 acre gov lots, not 40 acre tracts (claimant is taxed for 68.4 acres).
Claimed acreage reduced to decreed acreage per Muir vs. Allison set duty of water.

3. Igraves 11/13/2006 P/D

Comment: Water right indicates diversion via the Morey-Smith-Crouter Ditch. Original claim states that the diversion was changed in the mid-1950s to the Donnart-Martin-Cox Ditch.

5. Description of diverting works:

Water is diverted from Little Weiser at Gladheart Lane in NENENE of S-17 into Donart, Martin, cox Ditch which is earthen ditch. Ditch enters applicants property at NE 1/4 SW 1/4 of SW 1/4, S-7 and exits the property at NW 1/4 SW 1/4 of SW 1/4, S-7. Initially the point of diversion from the Little Weiser was at a different location & water for this property was delivered via the Morey, Smith, Krouter Ditch. Applicants predecessor (Aubrey Green, deceased) changed the point of diversion sometime in the 1950s. A waste water ditch also runs through applicants property, entering in the NENWSW of S-7 & exiting in the NWNWSW of 7. Irrigation is by flooding and by pump & sprinkler on the pastures.

Ok on your split of the irrigation right. The Abraham's own 9.4 acres within the 40 acre parcel in the NWSW, Sec. 7, T. 14N, R. 2W and should receive a proportionate amount of the original Claim No. 67-490A. This would amount to the .11 cfs to the Abraham's and 9.4 acres under 67-14510 and the remaining 30.6 acres in the NWSW stays in the Legg's name whether or not irrigation has ceased at this time. According to the 1987 aerial photo, which we will use in our recommendation, irrigation was occurring on the entire 40 minus a little bit for the home and barn area. The remaining 30.6 acres in the NWSW, S7 will remain in Legg's name unless another change of ownership occurs. We cannot give those acres to another because they have been told they are no longer using the water. The water is appurtenant to the ground it covered and that proportionate amount. In this case 9.4 acres and .11 cfs.

The home and barn area that the Legg's originally filed on in the NWSW, S.7 should definitely go to the Abraham's (only) according to the taxlot vs the aerial photo. See photo attached. It shows the homes and stockwater area being solely located on Abraham's taxlot. So, there should not have been a split of the domestic and stockwater right. We need to make 67-10864 an active right in the name of the Abraham's and list the splits as recombined into 67-10864 with remarks explaining all. Please have Lori assist you with this.

Re: Original Notice of Claim to a Water Right No. 67-10864, 67-00490A

Renumbered to Notice of Claim to a Water Right No. 67-14507, 67-14509

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your right. This claim represents the remaining portion of the claim filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience, as we have had several water right changes to process. If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Adjudication Section
Western Region Office
