We purchased the property at 803 Illinois Ave., Council, Idaho in 1970. There was a spring in the back yard that was producing a considerable amount of water. I developed the spring to use as the primary source of water on the yard and garden. In 1972 we further developed it by digging about 15-20 feet deep in an 8 x 8 foot square. We cased it in with concrete walls. We utilized this water until 2000 when we sold the property.
