Re: Change of ownership for SRBA claim 67-14837 (split from former claim 67-10483)

Dear Ted and Cathy:

Per my conversation with Ted two weeks ago about this objection, it appears Ted needs to be added to the ownership of SRBA claim 67-14837. As you are aware, a change of ownership needs to be filed. In case you had trouble finding it on the internet, I am enclosing a change of ownership form for your convenience. Please fill it out and include a copy of the Warranty Deed with legal description. Then send it to me at this address.

Because of the original objection to parent right 67-10483, claim 67-14837 remains unresolved. I gathered from my conversation with Ted that you will agree with IDWR's recommendation and sign settlement documents once the change of ownership is processed. It is important we receive the change of ownership as soon as possible so this change can be made. If I do not receive return correspondence with a change of ownership by October 31, 2008, I will request the SRBA District Court decree the claim as it currently stands with only Cathy's name in the ownership record.

If you have any questions, please contact me at (208) 287-4907.

Respectfully submitted,

Monica

MEMORANDUM

TO: File

FROM: Monica Van Bussum

DATE: May 15, 2007

RE: Objection to 67-10483 (parent of 67-14837 and 67-14838)

This memo records my understanding of Charles Woods' objection to the recommendation for 67-10483 and the children resulting from its split, 67-14837 and 67-14838.

Ownership

According to the deed submitted, the southern part should indeed have been recommended in the name of Woods and the northern part in the name of Pursifull. The Washington County taxlots show Woods owns the north part and Pursifull the southern part, but we have to go with the deed as proof of ownership.

Acreage

In my phone conversation with Mr. Woods, he said he and Pursifull should both have been recommended 5 acres. The taxlot records show each taxlot is 4.8 acres. In reviewing the 1987 imagery again, it appears that we should have recommended 4.2 acres to the northern portion (Pursifull) and 4.8 acres to the southern portion (Woods) with each getting their proportional share of the full diversion rate claimed. I have included a map with this memo showing the new shapes and acreages, as well as proportional quantity for each right.
