REMARKS
31-12493
WATER RIGHT FILINGS ON BLM LANDS IN IDAHO
James F. Hagenbarth
Hagenbarth Land Idaho LP
Information on BLM Allotments, Base Property, Chain of Title, Priority Dates

As the representative of the individuals and entities described above, I, James Hagenbarth, am responsible for filing Deferred De Minimis Stockwater Use Claims in the Snake River Basin Adjudication claiming stockwater rights on Federal Land. The documents below substantiate the use of surface water rising on or flowing across BLM land leased by the claimant and used by livestock authorized by the BLM on the Camas Meadow (ID 15012) and Antelope Valley (ID 15001) Allotments. Reference Attachments A-D in filing 31-12490.

Attachment A- Copy of the current BLM Grazing Permit for Hagenbarth Land Idaho LP on the Antelope Valley (ID15001) and Camas Meadow (ID15012) Grazing Allotments. 2020 Grazing Application

Attachment B- Grazing Preference Application and Preference Transfer Application identifying current owner and base property. Grazing Application Supplemental Information. Maps of Camas Meadow Allotment and Antelope Valley Allotment.

Attachment C- Chain of title from D.V. Hagenbarth to Hagenbarth Land Idaho LP. C(1)-#28499, C(2)-#050903, and C(3)-#55133 are the legal instruments that substantiate a contiguous linkage of BLM grazing leases and base property ownership being used by the claimant to substantiate the priority date claimed and linkage of title to D.V. Hagenbarth, the original appropriator and lessee. These documents also substantiate that no water rights were severed from the land.

Attachment D (1, 2, 3) - Old BLM Licenses and Permits linking current lessee with previous lessee (D.V. Hagenbarth) in Chain of Title. These Permits also include sheep and cattle numbers used on the current filings. Since sheep were grazed on these allotments in the past and may be grazed again in the future, they are included along with cattle and horses in these filings. Horses are included since they are used to manage the cattle and sheep on the allotments and drink from the stock water sources claimed.

Attachment D(1)- This is the oldest Department of Interior Grazing Permit I found that documents the earliest date I can easily claim for beneficial use of stockwater on BLM land grazed with livestock owned by D.V.Hagenbarth. Attachments D(2) and D(3) are billing statements proving that D.V. Hagenbarth continued to graze these allotments. The BLM grazing permits follow the base property ownership described in Attachment C- Chain of Title. D(1) proves that D.V. Hagenbarth's livestock put stockwater on BLM lands to beneficial use as early as July 1, 1944. The Lost River Grazing District No. 3 eventually was broken out into allotments and those permitted to D.V. Hagenbarth ranged from Spencer, Idaho northeasterly to Sheridan Creek. The Camas Meadow and Antelope Valley Allotments that are leased by Hagenbarth Land Idaho LP are some of the BLM lands included in the grazing permit covered by the 10 year Lost River Grazing Permit D(1) issued in March of 1944.
