To: File 87-10717

From: Alex Dalgleish

Re: Claim 87-10717 Priority

Priority Date:

Claim 87-10717 was filed by Craig and Enid Fountain for domestic use on parcel No. RP39N05204255 SE of Moscow, ID. The claimed priority date is 9/1/1958 and the claimant stated that the well was drilled at the time when the shop was built.

To the right is a screen grab of the claimed place of use from 2015 Google Earth:

The image to the right is a historic aerial image from 1953 derived from Earth Explorer. This image does not show a domestic structure at the claimed place of use (POU).

The next image below is a from 1957, and also does not show a structure at the claimed POU.

The last image is a 1975 aerial image, which appears to show some sort of development at the claimed place of use. Therefore, the claimed priority date of 1958 will be recommended.
