Hello, Did you decide to file a claim for existing water right 87-7047. If you do not file a claim the right will most likely be disallowed unclaimed and there would no longer be a valid water right

Hello,
Claim 87-10269 is for domestic from ground water. The existing license 87-7047 is for Jerome Creek. I'm not sure I made that distinction during our conversation last week. Are you diverting from Jerome Creek? If you are, please review the attached claim. If you agree you can sign it and return it to the Department. The one-time fee will be \$60. License 87-7047 is for four acres of irrigation. If you irrigate from Jerome Creek please use the attached map identify the area you irrigate. Regardless of your decision about Jerome Creek, I will continue to review ground water claim 87-10269 for recommendation. Thank you for your help with this.
