Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.

RE: Evidence of Priority - Snake River Basin Adjudication
Claim #A36-10863

Dear Claimant(s):

Our records indicate that your claim(s) listed above, is based upon either a "Statutory Claim" or "Beneficial Use" of the water. For water rights of this type, the claimed "Priority Date" must be substantiated with supporting evidence. We previously requested this supporting evidence be submitted by November 1, 1990, and to date we have not received the requested documentation.

Before the Department can make a recommendation to the Court to decree the claim(s), some evidence of the priority date must be submitted. Again we are enclosing a brochure outlining the types of evidence you may submit, and a printout of your claim(s) for reference. We request that you submit your evidence of priority as soon as possible. If we do not receive the requested documentation, your claim(s) will be recommended for disallowal due to lack of evidence supporting any priority date.

Please submit the required evidence supporting the priority date(s) by April 23, 1991. Please reference the claim number on your correspondence. If you have questions or need other assistance please contact this office.

Sincerely,

for. *Anna Baumert*

1. PERSON(S) MAKING THE ENQUIRY:

Include address and phone no.

In case follow-up is needed.

Bruce Hunsaker

Rt 2 Box 353

Rupert, ID 83350

2. SUBJECT OF INQUIRY:

Mr Hunsaker wanted to review his notices of error reports on claims filed by his father, Ross Hunsaker, under his name and also under Mainline Ranches. He felt all their domestic claims were OK, but had questions on the combined claims and the permissible place of use claims - especially where acreages were reduced or diversion rates were reduced.

3. RESPONSE TO INQUIRY:

I reviewed his notices of error and pulled the file records for the claims involved and explained our policies and procedures for the CVR records and why any reductions made to the adjudication claims. He made notes to help his understanding of the records, thanked me for my explanations, and said he will review it with his father. He will probably send some notice of error cards to Boise on the change of periods of use and perhaps other changes.

REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection items 3, 3a., 9, 9a., and 10 and all allegations of the objection regarding these items, IDWR responds as follows:

IDWR lacks sufficient information to form a belief as to whether any or all of the lands upon which water is diverted, conveyed, or used pursuant to this right are owned by the United States. IDWR admits that if the place of use is reduced by the court, the quantity of water allocated to this water right should

likewise be reduced. IDWR denies the objection and all allegations of the objection not expressly admitted herein.

CHANGES TO THE DIRECTOR'S REPORT

The director proposes no changes to the description of this claim in the Director's Report.

REASONS SUPPORTING EACH BOX CHECKED

In the space following, you must state the reason(s) by number for each box checked. You may use additional pages if necessary.

Box 9 is checked because the claim includes irrigation of land owned by the United States, for which a private water right cannot be obtained. Boxes 3 and 10 have been checked because the quantity of water is overstated to the extent that the water is used to irrigate federally owned land.

CHANGES TO THE DIRECTOR'S REPORT

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary.

The places of use that should be deleted from the Director's Report are T08S R26E S14 NWNW and NENW. Also, it is requested that the Director's Report be changed to indicate a decrease in the quantity of water claimed in an amount proportional to the acreage deleted from the place of use.

Please note: You should attach copies of documents which support your objection. Note on each document the "box number" it supports.
