Additional explanation or supporting documentation of the error:

On February 25, 2019, IDWR submitted the Director's Report for 95-15794 to the CSRBA court. IDWR recommended 95-15794 as an active water right. No objections were filed, however, 95-15794 was mistakenly included on the list of uncontested water rights to be decreed disallowed.

IDWR is requesting that 95-15794 be removed from the list of disallowed water rights and be decreed as reported in the Director's Report submitted on February 25, 2019.

For more information about the error the Court and/or water right holder should contact the person identified below.
