Subject: Snake River Basin Adjudication Claims A36-11115, 11118, 11119,
and 11120 (Water Rights)

Dear Mr. Merritt:

Enclosed, as discussed by telephone with members of our Minidoka Project staff at Burley, are copies of well logs for the wells at claims A36-11115 and 11118, and property inventories for claims A36-11119 and 11120.

The A36-11115 well was drilled in 1972 but recent review of the records indicates this well was unused until 1990, when it was redeveloped to provide water to 25 campsites at Walcott Park.

The A36-11118 well was drilled in 1970 but has not yet been used.

We have been unable to locate well logs for A36-11119 and 11120. A building and quarters inventory dated November 27, 1962, for the Hunt Site Ditchrider's House records that well A36-11119 was used then to supply water to four apartment units in two buildings. Other evidence we have found includes references in the Project Histories to drilling of wells in the Hunt area: 1942 records "drilling for prospective domestic supply;" and 1948 records "permanent improvement... well was drilled." The record and site inspection indicate that this well has at times also been used for irrigation of pasture at the site.

A building and quarters inventory dated November 17, 1962, of the Milner-Gooding Ditchrider's House records that well A36-11120 was then used to supply domestic water to that dwelling. Review of the records has not indicated a drilling date for this well.

As discussed with you, the A & B Irrigation District is in the process of inquiring of their water users as to the specific dates the lands of claim No. A36-04265 were developed. The April 20, 1971, date claimed was based upon the time when our inquiries indicated that most of these lands were developed. We are aware, however, that development of these lands actually occurred from

RECEIVED
OCT 24 1991

the late 1950's to 1984. The acreages used in this claim were taken from a survey completed in connection with the Minidoka North Side Pumping Division Extension Study in 1984. A very detailed field survey was made at that time to verify and correct water use areas shown on earlier aerial photographs. The water use expansion areas were recorded on maps now in the A & B Irrigation District files. The A & B Irrigation District has advised that they have provided copies of these maps to you. The lands listed in this claim should, therefore, have a priority not later than 1984.

The affidavit of David N. Gangwer, Planning Supervisor of the Minidoka North Side Pumping Division Extension Study, is enclosed.

Sincerely,

Regional Supervisor of
Water, Power and Lands

Subject: Snake River Basin Adjudication Claims A36-11115, 11118, 11119,
and 11120 (Water Rights)

Dear Mr. Merritt:

Enclosed, as discussed by telephone with members of our Minidoka Project staff at Burley, are copies of well logs for the wells at claims A36-11115 and 11118, and property inventories for claims A36-11119 and 11120.

The A36-11115 well was drilled in 1972 but recent review of the records indicates this well was unused until 1990, when it was redeveloped to provide water to 25 campsites at Walcott Park.

The A36-11118 well was drilled in 1970 but has not yet been used.

We have been unable to locate well logs for A36-11119 and 11120. A building and quarters inventory dated November 27, 1962, for the Hunt Site Ditchrider's House records that well A36-11119 was used then to supply water to four apartment units in two buildings. Other evidence we have found includes references in the Project Histories to drilling of wells in the Hunt area: 1942 records "drilling for prospective domestic supply;" and 1948 records "permanent improvement... well was drilled." The record and site inspection indicate that this well has at times also been used for irrigation of pasture at the site.

A building and quarters inventory dated November 17, 1962, of the Milner-Gooding Ditchrider's House records that well A36-11120 was then used to supply domestic water to that dwelling. Review of the records has not indicated a drilling date for this well.

As discussed with you, the A & B Irrigation District is in the process of inquiring of their water users as to the specific dates the lands of claim No. A36-04265 were developed. The April 20, 1971, date claimed was based upon the time when our inquiries indicated that most of these lands were developed. We are aware, however, that development of these lands actually occurred from

the late 1950's to 1984. The acreages used in this claim were taken from a survey completed in connection with the Minidoka North Side Pumping Division Extension Study in 1984. A very detailed field survey was made at that time to verify and correct water use areas shown on earlier aerial photographs. AGG-11115
UNITED STATES OF AMERICA, ACTING
REGIONAL DIRECTOR, P.N. REGION
BUREAU OF RECLAMATION
BOISE ID 83724

Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.
Water Rights Supervisor

RE: Evidence of Priority of SRBA Claims A36-04265, 11115, 11118,
11119 and 11120 (Your letter 609 WTR-4.10)

Dear Mr. Dooley:

Our office is presently preparing our Director's Report for all claims in our water administrative basin 36. The initial deadline for the report has passed and I reasonably expect that the report will have to be essentially complete by April of this year. For those claims which evidence of the priority is requested, the evidence will need to be submitted within the next 30 to 50 days for our office to be able to review and prepare the recommendations for the Director's Report. For all claims in which evidence is requested and the evidence is not submitted our recommendation to the court will be that those claims be disallowed. To avoid this situation your timely response will be greatly appreciated.

If you have further questions please feel free to contact our office.

Sincerely,

Allen Merritt, P.E.
Water Rights Supervisor

Subject: Water Right Claim Nos. A36-04265, 11115, 11118, 11119,
and 11120 (Water Rights)

Dear Mr. Merritt:

This is in response to your October 3, 1990, letter to our Regional Office requesting additional evidence supporting subject claims' priority dates. We are working on getting this information but were not be able to meet the date you gave for submission in your letter.

If possible, we would appreciate more time in obtaining this information and submitting it to your office.

Sincerely,

John M. Dooley
Project Superintendent

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re the General Adjudication	)	
of the Rights to the Use of Water	)	Case No. 36-11115 -0001
from the Snake River Basin	)	
Water System	)	
The State of Idaho, <u>ex rel.</u>	)	
R. Keith Higginson in his	)	
official capacity as Director	)	
of the Idaho Department of	)	RESPONSE TO OBJECTION
Water Resources,	)	
	)	
Petitioner,	)	
	)	
vs.	)	
	)	
The United States; the State	)	
of Idaho; and all Claimants to	)	
the use of water from the Snake	)	
River Basin Water System,	)	
	)	
Respondents.	)	

I. GENERAL INFORMATION

1. Person responding to objection:

Name: R. KEITH HIGGINSON, DIRECTOR

Address: IDAHO DEPARTMENT OF WATER RESOURCES
P.O. BOX 44449
BOISE, ID 83711-4449

Briefly describe your interest in this water right:

IDWR is required to file a response to an objection to part
I of the director's report pursuant to I.C. section 42-1412(2).

(Over)

MICROFILMED

OCT 20 1994

2. Person who filed objection:

Name: US BUREAU OF RECLAMATION
Address: DEPT OF INTERIOR
1150 N CURTIS
BOISE ID 83706-1234

3. If this response is filed by an attorney:

Attorney Name(s): NICHOLAS B. SPENCER
Attorney Address: DEPUTY ATTORNEY GENERAL(S)
IDAHO DEPARTMENT OF WATER RESOURCES
P.O. BOX 44449
BOISE, ID 83711-4449
Attorney Phone No.: (208) 327-7900

II. STATEMENT OF THE RESPONSE

3. ☒ Quantity: I respond to the objection concerning:
9. ☒ Place of Use: I respond to the objection concerning:
9a. ☒ The legal description of the place of use.
11. ☒ Remarks: I respond to the objection concerning the
"remarks" listed with the water right.

REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection item 9 and 9.a and all allegations of the objection regarding this item, IDWR as follows.

Information currently available to IDWR does not support the change in the description of the place of use sought by the claimant. IDWR therefore denies this portion of the objection.

In response to Statement of the Objection items 3 and 11 and all allegations of the objection regarding this item, IDWR responds as follows.

As recommended, water right nos. 36-11114 and 36-11115 do

not require a combined use limitation. The diversion rate and diversion volume recommended are the maximum diversion rate and diversion volume that can be appropriated from groundwater absent a permit from IDWR pursuant to Idaho Code sections 42-229, 42-227, and 42-111. The remarks correctly describe the current uses of water pursuant to this right as claimed by the United States and as confirmed by IDWR. This right is based on beneficial use and does not properly include uses to be made in the future. IDWR therefore denies this portion of the objection.

CHANGES TO THE DIRECTOR'S REPORT

The director proposes no changes to the description of this claim in the Director's Report.

DATE: 8-27-93

FROM: Jim Stanton

SUBJECT: App./Trans. 36-11114

On 8-24-93, I met with facility manager George Pethtel at Minidoka Dam concerning this transfer. We toured the old spring house below the dam, and the new well in the park area above the dam. Three pipelines bring spring water into a 3' x 4' x 5' concrete box; a pump, removed in 1990, fed water to 8 restrooms in the dam complex and one more at the Fish & Game check station. As the only domestic source until the well was put into service in 1990, use of the spring probably goes back to construction of the dam in 1909. Mr. Pethtel said that it took several hours for the collection box to re-fill when it was drawn down by heavy demand, which would calculate to a flow of less than 0.02 cfs from the source. The 1/2 hp pump in the springhouse would probably pump the 0.04 cfs claimed. Although the transfer proposes to keep the springhouse as a diversion point, Mr. Pethtel stated that it will eventually be destroyed during the present construction work at the dam (which ends in 1996).

According to Mr. Pethtel, two wells were drilled in the park area in the 1970's. One well has never been used, but a 20 hp pump was installed in the other well in 1990 or 1991. Besides the original uses, the well is used for dam cooling during construction, 7 restrooms being built in the park, and for two more restrooms in mobile homes being used by the construction crew. Both the cooling and construction-crew uses will end in 1996. Use of this well for more than 18 gpm and 2500 gpd is a violation of Idaho Code. Since the theoretical capacity of the well is 0.44 cfs (116' lift, 70 psi, 20 hp), operation of the well is illegal without an approved permit. To date, no application for permit has been filed. Claim 36-11115 has been filed for irrigation & domestic use, but appears to have little value. According to Mr. Pethtel, all irrigation on this property comes from the Snake River.

By the admission of the Bureau's own geologist, the spring and the well use water from two different sources. On that basis, it appears unlikely that the transfer could be approved. Even if the transfer was approved, it would not legalize operation of this well. Therefore, I recommend that this transfer not be approved until the Bureau obtains an approved permit for cooling and domestic purposes with a total flow rate of 0.40 cfs. Between this and the approved transfer or Claim 36-11115, the system capacity would be covered. I told Mr. Pethtel that they should file for the permit, but he suggested that I talk to Dayla Walton of their Burley office. At Loren's suggestion, I am moving the transfer along but have not pushed the permit issue with the Bureau.

Department of Water Resources
Adjudication Bureau

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re the General Adjudication
of Rights to the Use of Water
from the Snake River Basin
Water System

Case No. 36-11115
(You must insert the
water right number you
are objecting to)

The State of Idaho, ex rel.
R. Keith Higginson in his
official capacity as Director
of the Idaho Department of
Water Resources,

OBJECTION

Petitioner,

vs.

36-11115 -0001/
93-04-0415

The United States; the State
of Idaho; and all Claimants to
use of water from the Snake
River Basin Water System,

Respondents.

INSTRUCTIONS

This form must be used to file an objection to any water right recommended in the Director's Report. You may object to one water right per objection form. The water right number you are objecting to must be indicated above in the black space following "Case No." To object to more than one water right, you must file a separate objection form for each. Forms may be obtained from the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form, as long as it is identical to the court's form. You must file your objection by the deadline shown in the notice that IDWR mailed to you. The objection must be received by the court on or before the deadline specified. Instructions for mailing this objection are found at Page 6, and must be strictly followed.

Any party physically filing 25 (twenty-five) or more objections must make an appointment with the Clerk of the Adjudication Court and arrange for an appointment to file multiple objections.

OBJECTION - 1

(Over)

Case No. 36-11115

MICROFILMED

OCT 20 1994

By filing an objection form, you are certifying that the objection is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and that it is not filed for any improper purpose, such as to harass, cause unnecessary delay or needless increase in the cost of litigation.

I. GENERAL INFORMATION

Please fill in the following information:

1. Person objection:

Name: United States of America
Bureau of Reclamation
U.S. Department of Interior
Address: 1150 North Curtis
Boise, Idaho 83706-1234

Briefly describe your interest in this water right:

This is a beneficial use right recommended by the Director to the United States of America, Bureau of Reclamation for water supply to Minidoka Dam and Powerplant office and warehouse, Walcott Park, and Fish and Wildlife headquarters.

2. Owner of the water right:

Name: United States of America
Bureau of Reclamation
U. S. Department of Interior
Address: 1150 North Orchard
Boise, Idaho 83706-1234

3. If this objection is filed by an attorney:

Attorney Name: K. Jack Haugrud
Daria J. Zane
Attorney Address: U.S. Department of Justice
550 West Fort Street
Box 33
Boise, Idaho 83724
Attorney Phone No.: 202-272-4134
202-272-8351

If filed by an attorney, notice of pending court proceedings will be sent to the attorney only.

II. STATEMENT OF THE OBJECTION

Please check each "box" which states your objection to the recommendation in the Director's Report.

1. ☐ Name and Address: I object to the name and/or address of the owner of the water right.
2. ☐ Source: I object to the source of water.
3. ☒ Quantity: I object to:
 - a. ☐ the total quantity of water used in cubic feet per second; or
 - b. ☐ the total quantity of water stored in acre-feet per year; or
 - c. ☐ the total quantity of water reserved for each and every purpose, including all present and future uses.
4. ☐ Priority Date: I object to the priority date.
5. ☐ Points of Diversion: I object to the legal description of the point(s) of diversion.
6. ☐ Instream Flow: I object to the legal description of the beginning and ending points of the instream flow.
7. ☐ Purpose(s) of Use: I object to the purpose(s) of use.
8. ☐ Period of Year: I object to the period of year when water is used or is necessary for the purpose stated.
9. ☒ Place Use: I object to:
 - a. ☒ the legal description of the place of use; or
 - b. ☐ the number of irrigated acres within each forty (40) acre subdivision.

10. ☐ Consumptive Use: I object to the annual volume of consumptive use.
11. ☒ Remarks: I object to the "remarks" listed with the water right.
12. ☐ Water Right Recommendation: I object to:
- a. ☐ this water right being recommended at all; or
- b. ☐ this water right not being recommended.
13. ☐ Description of Reservation: I object to the legal description of the reservation.
14. ☐ Other: I object to:

REASONS SUPPORTING EACH BOX CHECKED

In the space following you must state the reason(s) by number for each box checked. You may use additional pages if necessary.

Box 3 - Remarks should be added to clarify the quantity in conjunction with Right No. 36-11114.

Box 9 - Fish and Wildlife place of use was not established in the original claim.

Box 11 - The diversion rate should be increased to the allowable amount for public campgrounds under the Idaho Code to permit an adequate supply of water for 14 flush-type toilets, day use for up to 2300 users, the U.S. Fish and Wildlife Headquarters and residence, and the Minidoka Powerplant, offices, and museum. Upon completion of the Walcott Centennial Park in 1993, this right in conjunction with 36-11114, will also be the source of water for 75 overnight camping spurs. The 1991 U.S. Bureau of Reclamation Recreation report showed 65,000 day-use visitors and 320,706 recreation use visitor hours at Walcott Park.

CHANGES TO THE DIRECTOR'S REPORT

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary.

9 - Place of Use need to add T09S R25E S01 Lot 9 SENE
11 - This right, in combination with right 36-11114, is limited to 13,000 gallons per day (I.C. 42-111(A)).

Please note: You should attach copies of documents which support your objection. Note on each document the "box number" it supports.

☒ Check here if you are submitting documents. Please list each document by the title and number of pages. You may use additional pages if necessary.

INSTRUCTIONS FOR MAILING

You must mail the objection, including all attachments, to the Clerk of the Court. FAX filings will not be accepted by the Clerk of the Court. You must also send a copy to the owner of the water right, if other than yourself; to the Office of the Attorney General, State of Idaho; and to the United States Department of Justice, as set out below in the Certificate of Mailing. Finally, you must sign the Certificate of Mailing to show that you followed these steps.

CERTIFICATE OF MAILING

I hereby certify that on the 29 day of April, 1993, I mailed the original and copies of the foregoing objection, including all attachments, to the following persons, by mailing the original and/or true and correct copies, postage prepaid and addressed as follows:

1. Original to:

Clerk of the District Court
Snake River Basin Adjudication
253 Third Avenue North
P. O. Box 2707
Twin Falls, Idaho 83303-2707

2. One copy to the owner of the water right, and you must fill in the following information:

Owner name: United States of America
Bureau of Reclamation
U.S. Department of Interior
Owner's address: 1150 North Curtis
Boise, Idaho 83706-1234

3. One copy to:

Chief, Natural Resources Division
Office of the Attorney General
State of Idaho
P. O. Box 44449
Boise, Idaho 83711-4449

4. One copy to:

Attn: Ed Thomas

RE: Notice of Error in the Snake River Basin Adjudication for the
Recommendations for rights 36-04265, 36-11114 & 36-11115

Dear Mr. Thomas:

This letter is in response to the issues you identified on the notices of error you recently filed with the Department for the above referenced recommendations.

The issue you identified for 36-04265 was that the Department should not award this water in another claimant's name. In response to this matter the Department has in fact disallowed the claim for 36-04265 which was filed by the USA for expanded acres within the A & B Irrigation District service area and instead recommended rights 36-15127, 36-15192, 36-15193, 36-15194, 36-15195 & 36-15196 which were claimed by the A & B Irrigation District essentially for the same acres. Since both entities appear to have ownership in these rights they are being recommended in the name of the USA, Acting thru the Bureau of Reclamation as well as the A & B Irrigation District. We list the USA as the "current" owner and the A & B Irrigation District as the "present" owner in our computer record. It does not appear we have erred with regards to this issue so the recommendation is not being changed.

The issue you identified for 36-11114 & 36-11115 was the remark which limited both rights to a combined total diversion of 2500 gallons per day. This limit was originally imposed since it appeared that the total use met definition B of Section 42-111 of the IDAHO CODE. I have re-evaluated these rights with regard to the definition and have made an adjustment to the recommendation. Please find enclosed new proof reports for these rights. It appears that since 36-11114 is not groundwater and has a priority of earlier than 1971 and assuming the fee of \$54 will be collected for this claim that the volume of water for this right would not be limited to 2500 gallons per day. The limit would be what ever has been historically used. The limit for 36-11115 still applies since the use fits within definition B and was

PAGE 2

Oct. 5, 1992

established without obtaining a water right permit. Since it appears that the spring use under 36-11114 was discontinued in 1990 you may wish to pursue filing a transfer of this right to the well or make application for permit to cover the use of the well beyond 2500 gallons per day.

If you still disagree with IDWR'S recommendations, you will have the opportunity to file an objection to the Director's Report with the court. you will be mailed a notice that will contain more information about the objection process.

Sincerely,

A handwritten signature in cursive script, appearing to read "Allen Merritt".

Allen Merritt, P.E.

FEB 07 1993

TEAR AT PERFORATIONS AND COMPLETE FORM ON OTHER SIDE

(Instead of filling in items 3 and 4 below you may include a copy of your proposed recommendation with the changes marked on this copy.)

3. Describe the portion of proposed recommendation with which you disagree:

2500 gallon per day limit and priority date of 1990.

4. Describe the changes you wish to have made in the proposed recommendation:

Limit should be not less than 15,500 gallons per day in conjunction with 36-11114. Priority date should be 1909.

5. Describe why you disagree with the proposed recommendation:

Limit should be not less than 15,500 gallons per day, i.e.:
Minidoka powerplant and museum 2,500 gpd
U.S. Fish & Wildlife Headquarters and residence 13,000 gpd
TOTAL 15,500 gpd

Transfer of point of diversion from a spring (A36-11114) to this well was completed in 1990. If this right is approved as requested, Claim No. A36-11114 can be withdrawn.

SUBJECT: REVIEW OF USBR CLAIMS AROUND MINIDOKA DAM

ON JUNE 7, 1991 I VISITED MINIDOKA DAM AND MET WITH JOHN FENNEL THE DAM TENDER AND OTHER MEMBERS OF THE STAFF TO LOCATE THE WELLS AND PUMPS AS DESCRIBED ON THE USBR'S CLAIMS. THE ATTACHED MAP SUMMARIZES THE LOCATIONS OF THE IMPORTANT FEATURES WITH THE FOLLOWING REMARKS.

ITEM #1 IS THE WELL REPORTED TO BE DRILLED IN 1970. THIS WELL IS CLAIMED UNDER A36-11118. THE WELL IS PRESENTLY UNUSED AND R36-11118 HAS BEEN CREATED RECOMMENDING DISALLOWAL. NO BENEFICIAL USE HAS BEEN FOUND.

ITEM #2 IS THE WELL REPORTED TO BE DRILLED IN 1972. THIS WELL WAS REPORTED TO BE DEVELOPED FOR USE IN 1990 WHEN THE PUMP HOUSE WITH THE PUMP AND THE 6920 GALLON STORAGE TANK WERE INSTALLED. THIS PUMP (20 H.P. U.S. MOTOR ID# F429/S08S348R065F-3) PRESENTLY SERVES ALL DOMESTIC WATER FOR THE DAM AND PARK AREA. THIS INCLUDES WATER TO DRINKING FOUNTAINS AND SPIGOTS (8) IN THE PARK, WATER FOR THE FISH AND WILDLIFE OFFICE & BUILDINGS, AS WELL AS POTABLE WATER USED AT THE DAM AND SURROUNDING FACILITIES. THE USE OF THIS WELL REPLACES THE USE OF THE SPRING IDENTIFIED IN ITEM #7. THIS WELL IS CLAIMED UNDER A36-11115 AND BEING RECOMMENDED UNDER R36-11115 WITH THE INTENT THAT THE RECOMMENDED USE BE DOMESTIC UNDER THE PART (B) DEFINITION WHERE IT IS LIMITED TO 2500 GAL/DAY. ANY USE BEYOND THIS LIMIT SHOULD BE PERFECTED BY FILING FOR A WATER PERMIT SINCE THE USE WAS ESTABLISHED AFTER 1963.

ITEMS #3, #4, #5 & #6 ARE THE DIVERSIONS OF WATER FOR IRRIGATION WITHIN THE PARK. THIS USE IS COVERED UNDER A01-04048. ITEM #3 IS A LARGE PUMP ON THE BANK OF THE RESERVIOR. THIS PUMP IRRIGATES APPROX. 1/4 OF THE PARK. ITEM #4 IS A SMALL PUMP IN THE BOAT HOUSE OF THE FISH & WILDLIFE SERVICE FOR THE SMALL LAWN AROUND THE OFFICE. ITEM #5 IS TWO PUMPS NEAR THE CONTROL GATES OF THE DIVERSION CANAL. THESE PUMPS IRRIGATE APPROX. 3/4 OF THE PARK. ITEM #6 IS A PUMP IN THE CANAL WHICH WATERS A BELT OF TREES ON THE WEST SIDE OF THE PARK.

ITEM #7 & #8 THESE ARE THE SPRINGS WHICH ORIGINALLY SERVED THE POTABLE WATER SUPPLY TO THE DAM & FACILITIES AND WATER IN THE PARK UNTIL REPLACED BY THE WELL DESCRIBED IN ITEM #2. ITEM #8 IS A SPRING WITHIN THE POWER HOUSE WHICH WAS THE FIRST SPRING DEVELOPED WHEN THE DAM WAS BUILT IN 1909. IT WAS REPORTED THAT THIS SPRING WAS OBLITERATED IN THE 1940'S WHEN UNIT #7 WAS BUILT; SPRING AT ITEM #7 WAS DEVELOPED WHICH REPLACED THE SPRING AT ITEM #8. THE USE OF THE SPRING WATER IS CLAIMED UNDER A36-11114 AND HAS BEEN RECOMMENDED UNDER R36-11114 ALTHOUGH THE USE OF THIS SPRING HAS BEEN DISCONTINUED IN 1990 BY DEVELOPMENT OF THE WELL.
