RE: Ownership of United Water Idaho ("UWID") water rights and
adjudication claims
Our File No. 30-71

Dear Steve and Jan:

I have spoken to both of you recently regarding ownership issues for UWID. As you both know, many water rights and adjudication claims owned by UWID have not been changed to reflect UWID as the owner. I have spoken with several people at the Department seeking direction on how to finalize ownership changes for UWID but have not received any concrete answers. This letter is my attempt to solve the remaining ownership issues.

I am hoping to avoid any additional filings and have therefore included copies of two prior Notice of Change of Ownership forms which I believe provide the necessary supporting information to proceed with the ownership changes. The first form changes ownership to UWID from Boise Water Corp. and includes an attached list which apparently purports to identify all water rights originally held by Boise Water Corp. The second form changes ownership to UWID from South County Water Co. for water right 63-08248 and is an example of the change form filed for each of the fourteen other South County Water Rights.

Most of the water rights originally in the name of Boise Water Corp. have been changed on the allocations side. However, several water rights remain in the name of Boise Water Corp. I have highlighted on the list attached to the change form those water rights that my research indicates have not yet been changed. I have also noted on the list that water right 63-02702 is mistyped and should read 63-02703. Additionally, statutory claim 63-04015 was left off the list. It is certainly possible that this list contains omissions, and rather than trying to specifically identify individual right numbers, I suggest simply running a search on the database and changing all water rights in the name of Barber Water Corp. to UWID.

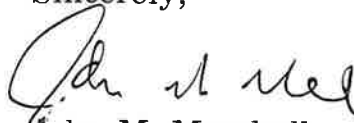

Steve Lester
Jan Shurte
February 8, 2000
Page 2

On the adjudication side, only a handful of claims, those that have been transferred subsequent to the name change, have been changed to UWID's name. I have not been able to determine if this is because the change form does not identify any adjudication claim numbers or because the change form has not yet made it to the adjudication side. In any event, all adjudication claims still in the name of Boise Water Corp. need to be changed to UWID. The documents attached to the change of ownership form showing that Boise Water Corp. simply changed its name with the Secretary of State to UWID should provide the information necessary to process the name change for the adjudication claims. If the original form is deficient for failure to include a list of all water rights with the "A" prefix, then please take this letter as an amendment of the form to include all adjudication claims filed in the name of Boise Water Corp.

The adjudication claims filed by South County Water Co. are in a similar posture. A change of ownership form was filed for each of the fifteen water rights originally owned by South County Water Co. and included a list of all the water rights originally owned by South County. The name for all of these rights has been changed on the allocations side, but the adjudication claims for all of these rights remains in the name of South County. Again, I am not sure if the adjudication claims have not been changed due to the omission of the "A" prefix or for some other reason. The documentation attached to the change form for water right 63-08248 should provide the supporting information to change the name on the adjudication claims. UWID purchased all the stock of South County Water Co. and thereby acquired all the assets of South County including the adjudication claims. Again, if the change of ownership is deficient for failure to include the "A" prefix water right number, please take this letter as an amendment of the form and change all the adjudication claims in the name South County Water Co. to UWID.

Thank you both for your attention to this matter. If you cannot personally make the requested changes, please forward this letter and the attachments on to the appropriate people or let me know if there is any other information you need me to provide.

Sincerely,

John M. Marshall
