Good afternoon,

I am emailing you in regards to our phone conversation this afternoon about the property 2230 Blaine Road. To sum up the conversation, I can confirm a home built in 2006, and by using dated aerial photographs I can see a building on the property in 1981.

Without any further evidence, I can recommend a date of priority for 1981 based on the aerial photos. To confirm the 6/21/1949 date, you will need to find some sort of written documentation that shows a home on the property in 1949. This could be records provided by the county, or a signed written statement by someone in the area with direct knowledge of the property and original home. If you have any questions, feel free to call or email me.

Thank you,

Christopher Holmes
