RE: Palouse River Basin Adjudication (PRBA) Claim No. 87-10149

Dear Mr. Worden,

The Idaho Dept. of Water Resources has received your Palouse River Basin Adjudication (PRBA) Notice of Claim to a Water Right. We are unable to recommend your Adjudication Claim at this time for the following reason.

The Notice of Claim to a Water Right identified with the number shown above has been filed for domestic use in one home with a claimed place of use located in SE $\frac{1}{4}$ of NE $\frac{1}{4}$ in Section 32, Township 41N, and Range 03W. Based off of conflicting parcel ownership within the claimed location of water use, it appears that an error may have been made in the claimed legal description of the place of use. A parcel under your ownership was located west of the claimed place of use, in the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ and SW $\frac{1}{4}$ NE $\frac{1}{4}$. If this is the property you wished to claim, an Amended Notice of Claim form must be submitted to make the correction.

For your convenience, I am sending you an Amended PRBA Notice of Claim to a Water Right for Claim No. 87-10149. This amended claim includes the information from your original claim form, but I have left the Place of Use and Point of Diversion description blank for you to fill in. The Point of Diversion was claimed in the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$, which is in the parcel owned by you, but located in the Quarter Section next to your home. I have also left the phone number blank, the number provided on the last claim didn't ring when I attempted to call (208-875-0251). I have also attached a parcel location map of where I believe the claimed use is intended to be. If this is the correct location, please mark the map with the location of your point of diversion (well) and your place of use. After your review, return the completed claim form along with the marked location map to our office at the address listed above.

Best Regards,

Kaila R Savage
Water Resource Agent
