deposes and says: The land

NW NW 1/4 Latah Co
Lisa Gadwa has been
using/utilizing the
Palouse River as the
the early 1900s. I

Went in 1941 and I remember the old barn
down by the river. The river ran through
the barn yard and the river watered the
live stock. Just north of the house was a windmill pumping
water from a well, and a system used for water for the house and
smaller farm animals, yard and garden. The Gadwas
bought the farm from the Anderson estate in 1985
and pump water from the River for the hay field and
to keep a green space for fire protection
