Bernard Olson being first duly sworn,
deposes and says: The land known as 39N 05W 19
NW NW 1st 1 Latah county owned By Doug +
Lisa Gadwa has been a farm with stock
using / utilizing the south fork of the Palouse
Palouse River as their water source since
the early 1900s. I moved in next door to the
West in 1941 and I remember the old barn
down by the river. The river ran through
the barn yard and the river watered the
live stock. Just north of the house was a windmill pumping
water from a well, and a system used for water for the house and
smaller farm animals, yard and garden. The Erdmans
bought the farm from the Anderson estate in 1985
and pump water from the River for the hay field and
to keep a green space for fire protection
