In 1979 Robert Kessel obtained the license for water right 87-7011. Thereafter, Robert Kessel's original parcel was split. Claimants submit this Notice of Claim to preserve any rights they may have in relation to water right 87-7011. The point of use is a pond located on the parcel north of Claimants, therefore, they are unable to state a response to questions regarding the type of livestock and number of livestock on the online Notice of Claim portal (the portal did not permit Claimant to move to the next page of the Notice of Claim without answering the animal questions). This statement supplements Claimants' response as noted in their online Notice of Claim. Claimant's have attached a GIS aerial view of their parcel.
