Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.

RE: NOTICE OF ERROR

DATE 9-24-92

NAME OF PARTY

KAREN REMENTERIA

(436-3765)

I returned her call.

She asked why the claim is Disallowed. I explained the memo in the CUR & the statement from Mr. Dunbar and the lack of any evidence submitted.

She said it has always been used. I suggested she send the Notice of Error and provide evidence of the irrigation & pump use. I said

I cannot promise her that any thing will be resolved since today is the Deadline for the N.O.E. process.

She called back & said she will bring the NOE and the evidence to our office tomorrow (9-25).

9-25-92

Met w/ KAREN REMENTERIA @ my office.

She delivered a statement by E.N. DUNTHORNE that said the pump was put in on May of 1965

I told her this person is contradicting his previous statement to our field rep. I suggested she obtain some other source of evidence & gave her a copy of the priority pamphlet. I told her the power company should have record of when that went into service. She will try to provide more.

DIRECTIONS TO PROPERTY / REMARKS:

On 11/21/90 I reviewed in the field the development in the SW 1/4 NW 1/4 of Sec. 26 T.9S, R.18E. There exists a 20 H.P. motor & pump which diverts water from a waste ditch to a pipeline which delivers via valves to flood irrigate the pasture ground. At that time I talked with the tenant ^(Mr. Dunthorn) at the house on the property. ~~It was~~ Mr. Dunthorn ~~said~~ said he used to own the property and while he owned the property it was not irrigated. He said that he sold the property to Mr. Rementeviz who installed the pump approx 5 yrs. ago (1985).

Since no evidence of priority has been submitted and due to the conflict with Mr. Dunthorn's statement I recommend that this claim be disallowed.

Evidence of priority was submitted
10-19-92 supporting a date of 6/1959.
