RE: Palouse River Basin Adjudication (PRBA) Notice of Claim 87-7073

Dear Mr. Venosdel,

The Idaho Department of Water Resources (IDWR) is currently in the process of reviewing claims filed in the PRBA. You filed claim 87-7073 which is based on license 87-7073 issued on January 21, 1986.

When reviewing the claim, I noticed you didn't claim the full diversion volume authorized under the original license. The license authorizes a total diversion volume of 3.6 acre-feet, but the claim is for 3.0 acre-feet. Although you should claim what you feel is appropriate, I wanted to contact you to give you the opportunity to amend your claim to the full 3.6 acre-feet licensed if you feel that is appropriate. IDWR cannot recommend a greater diversion volume than what was claimed.

For your convenience, I am enclosing an amended claim where I have increased the maximum diversion volume to 3.6 acre-feet. If you wish to amend your claim include these changes, please sign the claim, initialing any additional changes you wish to make, and return it to this office by **March 19, 2021**. There are no additional filing fees.

Do not hesitate to contact me if you have any questions.

Respectfully submitted,
