RE: Response to Notice of Error for proposed recommendation for  
36-14845 & 36-14846

Dear Mr. Vander Vegt:

This letter is in response to the Notice of Error (NOE) you recently filed with IDWR regarding the Director's proposed recommendation of the claims listed above. Your NOE questions the basis for disallowal of claim 36-14846 based on beneficial use and also the number of cattle recommended for 36-14845.

As you recall we met on September 10, 1992 to discuss these issues and based on our discussions you decided to amend your claims to more correctly describe your staged development of your facility. At that time I requested that you provide evidence of priority for the initial stage of development since it appeared that that use may exceed the 13,000 gallons per day limit for a small domestic & livestock use. I have received the affidavit by Mr. Bullars which you have submitted to support the priority of 1947. As I read the affidavit Mr. Bullars indicates he has lived in the area since 1941 and the knows the well was used prior to 1963. Based on this statement I am recommending a priority of 12/31/1962. Please find enclosed profile reports of the rights as they are presently being recommended.

If you still disagree with IDWR's recommendation, you will have an opportunity to file an objection to the Director's Report with the court. When the Director's Report is filed with the court, you will be mailed a notice that will contain more information about the objection process.

Sincerely,

Allen D. Merritt, P.E.  
Water Rights Supervisor

MICROFILMED  
FEB 09 1993

**TEAR AT PERFORATIONS AND COMPLETE FORM ON OTHER SIDE**

(Instead of filling in items 3 and 4 below you may include a copy of your proposed recommendation with the changes marked on the cl. /.)

3. Describe the portion of proposed recommendation with which you disagree:

Number of cattle is incorrect.  
Two wells are tied together.

Should not be disallowed

4. Describe the changes you wish to have made in the proposed recommendation:

36-14845 Should be 200 milking cows  
and 25 dry cows plus use in  
dry barn.

5. Describe why you disagree with the proposed recommendation:

The original claims were incorrect.

6. Date: 9/10/92
