Re: Claim 87-11740 Place of Use

Place of Use

Claim 87-11740 from Loren Wagner, proposed a place of use (POU) in the SESW QQ of Twp. 41N, Rge. 05W, Sec. 19. The neighboring SWSE QQ has a parcel that is owned by the claimant, Loren Wagner (see the screen shot below). This parcel is where it is presumed POU is for claim 87-11740.

On 3/2/2021, I spoke with Mr. Wagner over the phone. He informed me that the home he is claiming the water use for is the structure just to the east of the estimated property line. The home he is claiming is indicated with the red arrow. The image below shows this home, but it appears to be on parcel No. RP41N05W198409 owned by John Taylor.

According to Latah County parcel records, it is suggested that there is a structure on his parcel (yellow highlight below). Although the parcel lines are skewed and suggest that there would be no domestic structure on his parcel, the place of use for claim 87-11740 will be recommended at the structure just east of Mr. Wagner's parcel line.
