Subject: address info on 36-15161 (Kober)

Sorry Nick, but there was no other address info in the file for Kober. I even checked our new phone book and that is the address it shows. Tried calling the number but no answer. The other Larry Kober in the book with the Twin Falls address doesn't say Larry W Kober, so I don't think it's the same person...Jeanie

NICK SPENCER 36-15161

SUBJECT: ADDRESS QUESTION

phone call (X) walk-in (.)

Nick called and asked if I could check the file for any address information. It was objected to through a late-objection process with the hearing set for today. Evidently, neither party (Kober or Gulley) showed up. According to the court, Kober's notice was "returned". I checked this file and the new application for permit filed by Gulley but was unable to find a new address for Kober. Even the new phone directory lists the same address as we have. I tried calling the number but there was no answer...

Categories: Basin 36, late objection

He has pivot corners that he is irrigating without a water right. Georgia Satterlee was working with him and asked me to explain the enlargement claim conditions to him. I explained that to him and contrasted it to the application for permit process. I further stated that it appeared from his description of his system that he was diverting more water than licensed and therefore a permit would better meet his needs. He decided to file an application for permit.

In filing the application for permit he determined that a portion of his ground has been recommended to Ben Kober through 36-07373 and 36-15161. I called the court and Amy stated that he has to motion the court to file a late objection to 36-15161. She said to use the objection form and attach a short note to the objection. As 36-07373 has already been decreed she said to just mention that right in the motion and that the special master would probably include that right with the enlargement right objection.

I gave Bill the objection form and explained the process to him.
