Also, what will the name of the claimant be? The name of the claimant should be the same as the name on the Recorded Warranty Deed. According to the county assessment data, it shows B2 Land LLC as the property owner, but I want to make sure.

Sounds good. I will work on the documents today and send them in the mail for you to complete, along with a short letter reiterating the things you need to do. What is a good mailing address for me to send them to?

Good morning,

Thank you for getting back to me. Because you are the correct owners of the property, the Notice of Claim 87-11710 is pertinent to you. There are two things that need addressed for the claim:

- Amending the Claim: The legal descriptions for both the well location and shop location is incorrect. Also, the claim states that it is for non-residential use (I assume the shop) but it was claimed for 1 home. These should be corrected by amending the claim.
- Name Change: The name of the claimant needs changed. To do this, there is a form called Notice of Change of Water Right Ownership. This, along with a copy of the Recorded Warranty Deed, should be sent to the Department.

To do these, I can correct the legal descriptions and description of use on the claim here in the office, and mail it to you along with a map. Then, you will review the claim to make sure it is accurate, mark an X on the approximate well location and circle the shop(s) that the well supplies. You will need to sign and date the document. Along with the Amended Claim, I will send the Notice of Change of Water Right Ownership form. On this form, I can fill in most of the information, but you will need to fill in the rest. A copy of the Recorded Warranty Deed must be sent with this form in order for the Department to process it.

There are no additional fees required to complete these two forms. Let me know if you would like to complete these forms. If not, I will recommend the claim as disallowed.

If you have any questions, or would like to talk about this over the phone, feel free to reach out to me.

Sincerely,

Christopher Holmes
