hello...
thank you. map went out in today's mail.
good luck in montana, if i weren't settled in north idaho, i'd probably head that way as well :)
take care,
gwen

Mrs. Rowe,

Thank you for getting back to me. At this time, the Department will wait to make the recommendation until the time when the well map is received.

I am actually moving to Montana soon and this is my last week working with the Department of Water Resources. You can still send the claim to the State Office in Boise at the address listed below. Adjudication staff will receive the well map and can continue working on the claim.

322 E. Front St. Ste. 648

Subject: palouse river basin adjudication, claim #87-11658

Re: Civil Case Number: 59576

Ident Number: 87-11658

Hello Alex,

I'm in receipt of your letter dated February 16, 2021, I received it on March 2, 2021 and for that reason I will be close to or past your proposed claims submission deadline of March 9th.

I will return the map today with the wellhead and well house so noted.

I do want to say that I sold that property in March 2020, so I am no longer the titled owner. It's under a personal contract and I am unsure of the actual property owners, name or address. I'm sure it could be found on a title search from Latah County. The new owners do have many horses, so there might be a revised "stock" provision.

I will also say that while I lived there, the middle property of the three also used the shared well, that address being 1647. They dug their own well a couple years back but never had it hooked up to electricity to be of actual use. That property sold in 2020 as well. It was never disconnected from the shared well, so 1645, 1647 and 1649 all shared the same well, so noted on the map.

I will get the map off to you in today's mail.

For the rest of the paperwork, I am uncertain if I am the proper person to be filling it out since I am no longer the registered owner.

If I can be of any further help, please feel free to contact me.

Sincerely,

gwen

Gwen Rowe
