Please find the enclosed copy of the Notice of Completed Administrative Proceeding, which the department has filed with the SRBA Court regarding the above referenced claims. You have received this notice pursuant to SRBA Court Administrative Order 11 requiring IDWR to report to the court and interested parties any pending changes to adjudication claims in basins for which a Director's Report has been filed with the court.

Please contact this office if you have any questions about the notice or the administrative process.

Subject: 36-07373 & 36-15161 OBJECTION
Entry Type: Meeting
Contact: WILLIAM GULLEY

Start: Tue 3/23/99 4:52 PM
End: Tue 3/23/99 4:52 PM
Duration: 0 hours

Categories: Basin 36, late objection

He has pivot corners that he is irrigating without a water right. Georgia Satterlee was working with him and asked me to explain the enlargement claim conditions to him. I explained that to him and contrasted it to the application for permit process. I further stated that it appeared from his description of his system that he was diverting more water than licensed and therefore a permit would better meet his needs. He decided to file an application for permit.

In filing the application for permit he determined that a portion of his ground has been recommended to Ben Kober through 36-07373 and 36-15161. I called the court and Amy stated that he has to motion the court to file a late objection to 36-15161. She said to use the objection form and attach a short note to the objection. As 36-07373 has already been decreed she said to just mention that right in the motion and that the special master would probably include that right with the enlargement right objection.

I gave Bill the objection form and explained the process to him.
