RE: Confirmation of Response to Notice of Error and Change of Address
for Acequia Inc. & Estate of Rosemary Haley SRBA Claims.

Dear Mr. Speck:

This letter is intended to confirm my responses to your Notices of Error discussed in our October 7th meeting with Miles Clinton at my office.

Regarding your general concern about the season of use, the proposed recommendations are based on irrigation season of use standards adopted by the director for the various regions throughout the state. These standards are based on the period of the year in which there is less than a 75% chance of a 24 degree F. frost. Additionally, since there are some years in which water can be beneficially used for irrigation outside the irrigation season, the proposed Director's Report includes a general provision which provides for a conditioned irrigation use outside the general irrigation season.

Regarding your general concern about the language in the recommendations which talks about "right includes a change in point of diversion", the Department includes such language in rights where the proposed legal description for the point of diversion is different than the legal description of the base water right. This situation may exist if there has been a physical change in the point of diversion or if it has been determined that the base water right location was incorrect even if there has been no physical change in the point of diversion.

Regarding your concerns about disallowal of several of the rights, these rights were recommended for disallow because generally it was determined by field examination and information gathered from the ASCS that there was a period of 5 years of non-use for these rights or that the acres claimed irrigated consisted of lava out crops that have never been farmed.

I confirm that based on your change of ownership letter and the power of attorney documents submitted we have changed the address of Acequia Inc. and have added you as attorney for all claims in the name of Acequia Inc. Additionally we have changed the name of the Rosemary Haley claims to that of the Estate of Rosemary Haley and have changed

the address to that of Acequia Inc. and have also added you as attorney for all claims in the name of Rosemary Haley.

Re: Acequia, Inc. - Estate of Rosemary Haley

Dear Dave:

Enclosed you will find Notices of Error for certain water rights claimed by Acequia, Inc. and the Estate of Rosemary Haley in the Snake River Basin Adjudication. I have also enclosed copies of the Special Powers of Attorney whereby Acequia, Inc. and the Estate of Rosemary Haley have designated me their attorney-in-fact to act in these matters. Please note that the address used by Acequia, Inc. in filing its claims should no longer be used. Instead, the corporation's new address is designated on the Notices of Error (P.O. Box 1678, Ketchum, Idaho 83340).

The period of use for all of my client's irrigation water rights has been changed from the traditional period of March 15 through November 15 to April 1 through October 31. Is this same change being made for every irrigation right in Basin 36? If so, why?

As I mentioned, Ms. Haley passed away in February, 1992 and her records are somewhat in a state of disarray. I have not yet been able to locate her copies of the claims filed in the Adjudication nor any notes or records on the claims based upon beneficial use. I know she worked closely with Gary Funderberg in the Southern Region on many of the water rights matters for Acequia, Inc. I would like to arrange a meeting with an appropriate representative of the Department to discuss the Notices of Error and hopefully resolve many of the questions before the Department must file the Basin 36 Report - I understand this deadline to be November 1, 1992.

INSTRUCTIONS FOR USE

This form is to be used to provide notice of a change in address of a party or to substitute a party whose water right was recommended in a director's report. *The filing of Standard Form 3 cannot result in a contested matter and a hearing will not be scheduled.* If completed as directed, the form will be accepted by the court and no further orders will issue. Standard Form 3 shall not operate to excuse compliance with the statutory requirements of I.C. § 42-1409(7) (1986) where a water right recommendation is not before the court.

This form has been adopted by the court in Re SRBA, Twin Falls County Case 39576, *SRBA Administrative Order I Rules of Procedure* (amended 6/21/93), Section 4Ac(3), which may be consulted for further information.

A party may copy or reproduce the standard form. The text of the form must be on the front and back of each page, exactly as it appears here. Follow the instructions on the form or it will not be accepted for filing. The Verification and the Certificate of Mailing must be completed.

Standard forms may be obtained from the Idaho Department of Water Resources or the SRBA Court.

CHANGE IN ADDRESS

You must use this form to advise the court and parties of any change in your address during the pendency of the SRBA.

You must provide a copy of the completed form to each party or if the party is represented by an attorney you must serve the attorney in every subcase in which you are a party.

You are to provide a copy of the completed form to every party in each subcase in which the new party is to be substituted. If the party is represented by an attorney you must serve the attorney. II. STATEMENT OF THE RESPONSE

8. ☒ Period of Year: I respond to the objection concerning the period of year when water is used or is necessary for the purpose stated.

REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection item 8, and all allegations of the objection regarding this item, IDWR responds as follows: Idaho Code §42-1411(2)(g) requires the director to determine the period of use of each water right acquired under state law that is recommended in the director's report. IDWR's irrigation season of use standards have evolved over time as better technical information has become available. A necessary consequence of this is that, depending on when a particular license was issued, water rights in the same area have been licensed inconsistently, some licenses being issued with different lengths of season listed and some being issued with no season of use listed. To remedy this problem IDWR has developed

(Over)

irrigation season of use standards for various climatic areas throughout the state based on a 75% chance of a 24°F frost. The period of the year during which this water right may be used is consistent with the standard irrigation season of use for the area in which the place of use of this water right is located. The director's report does not prohibit pre-season or post-season irrigation; subject to the conditions set forth in general provision 12b of the director's report, water may be used for irrigation outside the standard season of use. IDWR denies that it is estopped from recommending the standard season of use recommended for this water right. IDWR denies that it has waived its authority to recommend the standard season of use recommended for this water right, and affirmatively alleges it has a statutory duty to recommend the season of use for this right.

II. STATEMENT OF THE OBJECTION

1. ☒ **Period of Year:** I object to the period of year when water is used or is necessary for the purpose stated.

REASONS SUPPORTING EACH BOX CHECKED

In the space following, you must state the reason(s) by number for each box checked. You may use additional pages if necessary.

The Water Right is based upon a license issued by the Idaho Department of Water Resources ("IDWR") which specified March 15 to November 15 as the period of use for the Water Right. The Water Right has historically been used during this licensed period of use. Claimant and its predecessors have a vested interest in and have relied upon this period of use. IDWR is estopped from and has waived any right it may have had to change the licensed period of use or recommend such change.

CHANGES TO THE DIRECTOR'S REPORT

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary.

The period of use should be changed to March 15 through November 15.

Please note: You should attach copies of documents which support your objection. Note on each document the "box number" it supports.

- ☐ Check here if you are submitting documents. Please list each document by the title and number of pages. You may use additional pages if necessary.

Reply to Motions for Leave to File Late Objections

The Idaho Department of Water Resources (IDWR) does not oppose the twenty-four motions of Acequia, Inc. (Acequia), for leave to file late objections to the season of use recommended by IDWR for the water rights enumerated above--so long as the scope of those objections is limited to season of use as described in Acequia's motions.

However, IDWR requests, since the proposed objections were not attached to the motions for leave to file late objections, that if the Court should grant the motions it set a date certain by which the objections are to be filed. IDWR will respond to the objections within 60 days after their filing.

IDWR also notes that recommended water right number 36-02193 is based upon an accomplished transfer recommended pursuant to Idaho Code §42-1416A (1989) and recommended water right number 36-11209 is based upon an expansion recommended pursuant to Idaho Code §42-1416(2) (1985). Because of the bench ruling made by the Court on December 21, 1994, staying proceedings in presumption-based subcases pending resolution of Basin-Wide Issue 4, IDWR believes that further action on these two motions for leave to file late objections may have been stayed. However, IDWR does note that the objections which Acequia seeks to assert are not related directly to the presumption statutes themselves.

Therefore, IDWR requests that the Court, as part of its determination of the present motions, initially determine whether further action on the motions for leave to file late objections to

recommended water right numbers 36-02193 and 36-11290 has been stayed, and also determine whether the present stay precludes the filing of those two objections.

DATED this 23rd day of December, 1994.

NICHOLAS B. SPENCER
Deputy Attorney General
