1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

I respectfully disagree with the Quantity maximum value. I agree with the Rate of water (0.03 cfs) and all other elements (Parcel #, priority, source etc.)

2. Describe the changes you wish to make in the proposed recommendation:

Please change the Quantity maximum From 13,000 per day
To the value of 19,000 per day.

3. Give a brief explanation as to why you disagree with these portions:

The well runs @ 0.03 cfs (correct), ~~the well would pump 13,000 gallons per day~~ If the well were to pump continuously for 24 hours the volume would be 19,000

☒ I AGREE with this proposed recommendation: no changes need to be made.
