1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

You are leaving us 15 head of stock. The ratio of
cows to acres is 1.5 cows per acre that is 26.6 mixed stock

2. Describe the changes you wish to make in the proposed recommendation:

Stock water is used for 26.6 plus mixed stock, horse,
and garden use.

3. Give a brief explanation as to why you disagree with these portions:

The same answer as #2. We buy and sell
live stock, garden, and need horse use.

I AGREE with this proposed recommendation: no changes need to be made.
