I. Issues identified by claimant: claims a loss of his water right as used.

II. Reasons provided claimant for original recommendation: Same as licensed and claimed. Right is the same as it always has been. Claimant is able to deliver his full licensed amount by virtue of another water user in the same Diversion Ditch system, which provides the conveyance losses for him.

(see also conversation memo 10-6-92)

III. Additional information provided by claimant: NONE

He told me SCS is doing a conveyance loss study on the Ditch system, but no data is yet available.

IV. Changes to be made in final recommendation (if any): No changes to these two licenses.

V. Action taken (date): 10-6-92 phone call to Leo Ray. Memo to FILE & copy to Leo Ray.

NAME OF PARTY

LEO RAY(RETURNED CALL)

to IDWR

from messages of 10-5-92

We had a very long discussion of his fish pond situation. He claims that 35 cfs is diverted at both Tucker Springs and by the time it gets to his fish ponds there is only 30 cfs left; indicating a 5 cfs conveyance loss. He believes if we cut the Big Bend rights to the 29.43 cfs as proposed it will reduce his rights for fish.

I explained his licenses are for 30 cfs from the Tucker Springs complex. It is only because there has been water in the Big Bend Ditch that no conveyance losses are counted or recorded in his license; they are taken up by the Big Bend Ditch rights.

It appears Leo Ray's complaint is against the recommendation for the Big Bend rights. His fish rights have been recommended exactly as they were claimed and licensed and we acknowledged the conveyance losses are generally covered by the Big Bend rights.

The concern over whether the full 35 cfs can still be diverted was discussed. I can find no restrictions for a combined right limit below the 35 cfs and I do not recall any remarks that state this. I told Mr. Ray at this point I believe the full 35 cfs can still be diverted.

The licenses will not change, they stand ~~as proposed~~.

A full 30 sec Ft of water allocated in this right for use, the Big Bend ditch loss should be above this during the irrigation season.

No. 36-07237, 36-07865 & A36-07995 (copy of form enclosed)

Dear Claimant(s):

IDWR has received your notice of the change of address of the water right claim referenced above. Our records have been changed accordingly. I did not include proofs of the 47 Basin Claims, because that basin is not in the Adjudication Court yet. Should you want proofs for those please let me know.

If you have not submitted the Standard Form 3 (form enclosed) to the Adjudication Court for the Basin 36 Claims, you will need to do so. Should you have any questions, please contact the Adjudication Court here in Twin Falls. (736-3011)
