RE: Notice of Error Reply for Palouse River Basin Adjudication (PRBA) Claim No. 87-10021

Dear Mr. Taggart:

The Idaho Department of Water Resources (IDWR) has reviewed the Notice of Error Reply for the above referenced water right claim. The following issues have been addressed:

1. Address: The address has been changed to PO Box 8, Viola, ID 83872
2. The addition of Mary Taggart's name to the claim: A change of this type requires an amended claim; which is enclosed. Please add Ms. Taggart's name to the claim, initial and date the change; plus, sign and date under signature in item 15, and return to my attention by **July 2, 2021**, to the address listed above. Once received, we'll add Ms. Taggart's name to the data base.
3. Water Usage: The license reflects the system capacity and water usage found during our beneficial use exam of September 17, 2018. During that exam they found a usage for two homes, one mobile home, two RV spots and an auto shop. The water usage appeared to be for private, domestic purposes rather than a commercial usage so we issued it for the usage of domestic, which covers the above dwellings. 0.9 acres was found in relation to the domestic usage, for lawn irrigation; so irrigation of 0.9 acres was issued. I've enclosed a copy of the field exam report for your review.

If you have any questions, please contact me at the phone number/email address listed below.

Sincerely,

Linda A. Werner
