SUBJECT: Palouse River Basin Adjudication Claim (PRBA) No. 87-10394, 87-10398

Dear Mr. Harvill,

The Idaho Department of Water Resources (IDWR) has received your Notice of Error containing the portions of the recommendation that you wish to be changed. On the Notice of Error for the well supplying the home, you stated that you want the priority date changed to 1909. The Original Claim was for a priority date of 7/10/1978. Because that is the original claimed priority date, that is the earliest date I can recommend. IDWR cannot recommend a priority date older than the claimed date. If you want to change the priority date, an Amended Claim is enclosed. Everything on the Amended Claim is the same as the original claim except these highlighted sections:

- #2, Date of Priority: Changed it from 7/10/1978 to 1909.
- #12, Remarks: Added that the priority date is when your great grandfather purchased the property.

Below are further instructions required from you:

- **#14, Signature:** Sign and date the document.

Based on available county assessor year built date information, IDWR can recommend a priority date of 1915. To recommend any earlier date, I will need evidence showing the well/home was completed before 1915. If no further evidence is provided, the priority date will be recommended as 1915.

Mail the completed Amended Notice of Claim back to my attention at 7600 N. Mineral Drive Suite 100, Coeur d'Alene ID 83815. If you have any questions, feel free to contact me. My telephone number is (208) 762-2810 and my email is christopher.holmes@idwr.idaho.gov. If you do not complete the Amended Claim, your recommendation will be the original claimed priority date.

Sincerely,

Christopher Holmes
Water Resource Agent
