TO: ADJUDICATION FILES 02-222, 02-2444, 02-7050, AND 61-2076

FROM: DANIEL A. NELSON

DATE: 1/20/05

SUBJECT: WATER DISTRICT ASSESMENTS

I have been asked by Little Canyon Creek Water District and Idaho Parks and Recreation to review these files to determine if they are associated with the Little Canyon Creek Water District. The water rights are currently very vague in their descriptions, but it does appear that they may have been associated with the district at one point. At this time we are only charging water district fees on water right 61-2076, but it may be necessary to charge additional fees for these other water rights.

We have decided not to assess the water district fees until these files have been reviewed and recommended in the SRBA. We are asking that the Adjudication staff please give us an assessment of whether or not they are connected to Little Canyon Creek and if they should be considered in the district when they make their recommendations. If they are supposed to be in the district, we will need to figure out a way to have these rights come up on the watermaster reports.

MEMORANDUM

To: Jan Shurte
From: Scott King 
Date: October 15, 2003

Subject: Three Island State Park, 61-2076, 2-222, 2-2444, 2-7050

This note is a request that you review these files early. 61-2076 should be entered into the 2004 report of late claims. This right, originally claimed as 61-2076, was renumbered to 02-10061. It represents water from Little Canyon Creek that is rediverted from the Snake River. It was originally renumbered to suggest an accomplished transfer in source. Carter and Susan are not comfortable recommending an accomplished change in source when an exchange seems more appropriate, and so this right is renumbered back to 61-2076.

The complete group of rights is recommended for a 57 acre PPU at Three Island State Park.

Multiple rights/POD language remains on this one.

Subject: Basin 61 late claim report

Don & Roxanne,

Claim 61-2076 was renumbered to 2-10061. The Department of Parks & Rec claimed an accomplished transfer of POU, POD, and source from Little Canyon Creek to Snake River. My discussions with Susan and Carter provide direction that this claim should be recommended as an exchange with the source as Little Canyon Creek injected into the Snake River, and rediverted through the Snake River POD (Three Island State Park). Therefore, 2-10061 will be renumbered back to 61-2076 and recommended in the Basin 61 late claim report. This message is notice of my intention to proceed in this direction. Please let me know if you have any concerns, and also if there is any special processing that is necessary.

Thanks,
Scott
