IDWR denies the objection and all allegations of the objection

not expressly admitted herein.

REASONS SUPPORTING EACH BOX CHECKED

In the space following, you must state the reason(s) by number for each box checked. You may use additional pages if necessary.

Box 9 and 9a were checked because the place of use includes federal land. The claimant has a conditional right to irrigate that land. Box 11 is checked because the Remarks in the Director's Report do not reflect the fact that a portion of land being irrigated is federal land. Although claimant is permitted for this use, the following lands for which claimant claims place of use are property of the United States.

CHANGES TO THE DIRECTOR'S REPORT

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary.

The Director's Report should be changed to reflect in the remarks section that irrigation use of the federal land located within the claimant's place of use (T07S R25E S14 NESW and S15 SENE) is conditioned upon the maintenance of an applicable agreement(s) between the claimant and the objector.

Please note: You should attach copies of documents which support your objection. Note on each document the "box number" it supports.

☒ Check here if you are submitting documents. Please list each document by the title and number of pages. You may use additional pages if necessary. copy of the protested non-federal claim from the "Director's Report" (1); master title plat (2)
