1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

- a. Quantity
- b. Explanatory Material - Basis of Claim - Beneficial Use
- c. Other: The "Recommendation Area" should be expanded to include "Claim Adjudication Area"

2. Describe the changes you wish to make in the proposed recommendation:

- a. Quantity should be amended upward. The Beneficial Use should be based on the actual number of stock.
- b. Basis of Claim - Beneficial Use - stockwater - should be expanded to support 75 cattle/horse - the actual number having used the stock water - there have also been hogs & dairy cows.
- c. Recommendation Area should include Claim Adjudication Area.

3. Give a brief explanation as to why you disagree with these portions:

- a. The Quantity includes stockwater. Use is based upon 10 cattle and 10 horses. In fact, Beneficial Use should be increased to reflect stockwater use of up to 75 cattle/horse - the actual number of cattle/horse that have used the stockwater, not 10 and 10 as indicated.

I AGREE with this proposed recommendation: no changes need to be made.

- b. Explanatory Material: Basis of Claim - Beneficial Use - Stockwater. The Beneficial Use should be expanded to support up to 75 cattle/horse - the actual number of cattle and horses that have used the stockwater. In addition, consideration should be given to the use by hogs and dairy cows.
- c. The Claim Adjudication Area has been lived on and owned, supporting up to 75 cattle/horse without interruption by my family since before 1900. Claim Adjudication Area reflects house, barn, outbuildings & pasture for stock.
