1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

- a. Quantity
- b. Explanatory Material: Basis of Claim - Beneficial Use
- c. The Recommendation Area should include the "Claim Adjudication Area"

2. Describe the changes you wish to make in the proposed recommendation:

- a. The Quantity should be amended to reflect actual use of water. Currently, the Quantity does not reflect actual usage. The Quantity does not reflect that the area supported both Domestic and Stockwater use.
- b. The Beneficial use must be amended to include stockwater use.
- c. The "Recommendation Area" should expand to include "Claim Adjudication Area"

3. Give a brief explanation as to why you disagree with these portions:

- a. Quantity should be amended to reflect actual use of water for both Domestic and Stockwater use. The area, land and buildings, was purchased by my great-grandparents (John & Mary Weber) prior to 1900 and served as their family home (parents and children) and farm to include barn, corrals, and out buildings. Later, the house became the home of one of the children.

☒ I AGREE with this proposed recommendation: no changes need to be made.

(Viola Helen (Weber) Schmidt) and her husband, George and daughter (my mother, Elizabeth Mary Schmidt) The buildings are no longer standing at this time.

- b. Beneficial Use 1. Domestic - prior to 1900 house with family members
2. Stockwater - used by family prior to 1900 to support up to 75 cattle/horse and has been used since 1900. The area was purchased by my great grandparents and remains in the family →

I have personal knowledge of livestock being raised here. I am now 69 years old.

c. The "Claim Adjudication Area" has been owned, lived on at times, and supported up to 75 cattle and horses, (and probably pigs and chickens), by my family since before 1900.
