Re: Water Right #87-11200

I remember my Father, Rolland Hawley, building the pond in the pasture for stock water storage and use in the fall of 1966. I remember this was being done with my father's bulldozer and a bulldozer and sheep's foot belonging to a contractor that did work for the Latah Soil Conservation District. The pond filled in the winter of 1966-67 and has been used continuously since then.

A handwritten signature in cursive script, appearing to read "Leland E. Hawley". The signature is fluid and somewhat stylized, with a long, sweeping underline.
