Dear Joe,

Enclosed is the map of the property for sale--
20.8 acres with 1 water share per acre. Our mainline
has been lined in green.

It has never been farmed and thus would be good
for potatoes. We have scheduled potatoes into the
surrounding fields.

New solid set would cost about \$7200, or
approximately \$350 per acre. We could probably pick
the pipe up at a discount at the Fall farm sales.
Tommy thinks that the land could be leveled for
\$25 per acre.

We could sell the water for approximately
\$125 per share.

Were we to purchase the land at \$750 an acre
with the water, we could be ready to go into
potatoes for \$1000 per acre, significantly below
the going price.

We start planting barley and alfalfa on
Monday. Since the Reinkes are late, we run an
increased risk of freezing or blowing before the
barley gets up.

Sincerely,

Peter

Attention: Mr. Jerry Marie;

We have a listing on 30 acres of land that joins your property which you recently purchased from Mr. Reinke, south west of Jerome. I am contacting you to ask if you would be interested in purchasing about 20 acres of this property.

This property is presently listed in 5 acre parcels for subdivision, however the owner has moved away from this area, invested in a new acreage for a home and is very interested in selling the property now for cash or 29% down and terms for 4 years.

The property has 1 share of water per acre and if you were not interested in the water shares the price would be around \$100.00 per acre less.

Enclosed is an A.S.C. map outlining the property offered to you. I believe it would work in well with your farm under sprinkler. (The Reinke's were interested at one time) however I may be wrong in this assumption.

This approximately 20.8 acres is listed for \$22,500.00 with water shares in 5 or 10 acre parcels and we have had several interested lookers. As a unit the owner would take \$20,00.00 (or some less depending on terms) with the water shares.

If you are interested in this property please let me know. We hope to hear from you soon and if you would like more information or would like someone here in the area to look it over we would be pleased to work with you at any time.

Your truly

Dear Claimant(s):

In the past you submitted the claim(s) identified with the number(s) shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) you have claimed. The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind of Evidence is Required, and Some Examples of Documents which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary and what the consequences of not submitting the evidence could be.

Please submit the requested evidence by November 1, 1990. When returning to the Department please reference all documents with the claim(s) identification number(s) listed above.

If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Merritt, P.E.
