Subject: Ownership Change for Water Right 87-10450

Dear Mr. & Mrs. Wheland,

I received your Change in Water Right Ownership, but I am unable to process it. The Warranty Deed you included with it, is not the recorded copy and it's missing the second page that shows the signatures and Notary. Please feel free to mail or e-mail me the recorded copy of the Warranty Deed. If I do not receive the requested document within 30 days, your Change in Water Right Ownership will be returned to you unprocessed.

I apologize for the inconvenience. If you have any questions, feel free to call our office during business hours at 208-762-2800.
